Anderson Cancer Center This forum which covered the education of nurses consisted of three armchair discussions Each discussion was led by a moderator from the committee and focused on three broad overlapping subjects what to teach how to teach and where to teach The verbal exchange among the discussants and moderators prompted by additional questions from committee members at the forum produced a wide ranging and informative examination of questions that are critical to the future of nursing education Additionally testimony presented by 12 individuals and comments made by members of the audience during an open microphone session provided the committee with valuable input from a range of perspectives
