*Little Miss Peggy* Molesworth, 2019-07-24 *Little Miss Peggy Only a Nursery Story* By Mrs Molesworth There is a particular charm about Mrs Molesworth s story for children Her little heroes and heroines are always natural and their minds and ways their faults and virtues their inward struggles and aspirations are all presented to us as only the most heart felt and loving sympathy could present them In the story before us the author s fancy is as bright and inventive as usual and *Little Miss Peggy* s adventures will be followed with delight from first to last Peggy is a solitary little girl in family of brothers who though they tease are all very fond of her She is a charmingly quaint old fashioned body and the tender regard for the boys as she calls them is pathetic and beautiful Our illustration shows *Little Miss Peggy* in trouble or should we say in the umbrella Altogether a more delightful child s story we have seldom read and admirably illustrated as it is by Mr Walter Crane it should certainly rank among the best children s books of the season The Bookseller A Newspaper of British and Foreign Literature

 Reproduction of the original Little Miss Peggy by Mrs Molesworth     Eminent Authors of the Nineteenth Century: Literary Portraits Georg Brandes, 2022-09-16  
 In Eminent Authors of the Nineteenth Century Literary Portraits Georg Brandes presents a vivid exploration of the literary giants who shaped an era of profound cultural transformation. Through a series of insightful essays, Brandes employs a biographical approach, meticulously interweaving personal backgrounds with the literary contributions of figures such as Tolstoy, Zola, and Ibsen. His prose is characterized by a critical depth and an eloquent style that both celebrates and scrutinizes the nuances of these authors' works against the backdrop of the socio-political upheavals of the nineteenth century. This collection serves not only as a homage but also as a critical commentary on the evolution of literature during this time of burgeoning realism and modernism.

Georg Brandes (1842-1927) was a pivotal Danish literary critic and philosopher known for introducing Scandinavian readers to European literary movements. His own experiences of growth and transformation in a rapidly changing society deeply influenced his perspectives on literature and its cultural ramifications. By championing the ideas of individualism and social responsibility, Brandes sought to inspire both readers and writers, encouraging a deeper engagement with challenging social themes through literary narratives.

Eminent Authors of the Nineteenth Century stands as an essential read for scholars of literature and enthusiasts alike. Brandes's analytical lens invites readers to gain a richer understanding of the complexities surrounding these authors and their works, making it a valuable addition to any literary collection. It is a compelling journey through the literary landscape of a transformative century.

**Little Miss Peggy** Mary L. Molesworth, 1912     **The Greek slave; or, Filial love. From the Germ** Franz Hoffmann, 1881     **Languages and Cultures in Contrast and Comparison** María de los Ángeles Gómez González, J. Lachlan Mackenzie, Elsa M. González Álvarez, 2008-06-26  
 This volume explores various hitherto under-researched relationships between languages and their discourse-cultural settings. The first two sections analyze the complex interplay between lexicogrammatical organization and communicative contexts. Part I focuses on structural options in syntax, deepening the analysis of information packaging strategies. Part II turns to lexical studies, covering such matters as human perception and emotion, the psychological understanding of home and abroad, the development of children's emotional life, and the relation between lexical choice and sexual orientation. The final chapters consider how new techniques of contrastive linguistics and pragmatics are contributing to the primary field of application for contrastive analysis: language teaching and learning. The book will be of special interest to scholars and students of linguistics, discourse analysis, and cultural studies, and to those entrusted with teaching European languages and cultures. The major languages covered are Akan, Dutch, English, Finnish, French, German, Italian, Norwegian, Spanish, and Swedish.
