business especially when it stops us from following through on the work 9 11 has left for us all to do This book takes on some pretty sacred cows but it s about time they became fair game from the Introduction Are you appalled by the antiwar tone the news media has taken since the war on terror began especially objective news outlets like the New York Times and the network news Are you wondering when liberal celebrities like Barbara Streisand Sean Penn and Susan Sarandon suddenly became geopolitical oracles whose advice we re supposed to value above the wisdom of tenured experts Are you at a loss to decide who has betrayed us more outrageously the French who abandoned us in our time of need or our own elected officials who tapped our 401 k savings and the tobacco settlement windfall with equal abandon In Off with Their Heads syndicated columnist and Fox News Cannel political analyst Dick Morris points an accusing finger at the many ways the public has been lied to and misled pickpocketed and endangered Whether it s Bill Clinton who ignored mounting evidence of impending terrorist catastrophe throughout the 1990s or the members of Congress who quietly sold our democracy down the river in exchange for lifetime incumbency Morris rips the cover off the cowardly and duplicitous figures who have sacrificed America s interests for their own From private corruption to public treachery even longtime political buffs will marvel at the astonishing behavior Morris reveals at every level of society and at how it threatens to compromise the American way of life

108-2: Senate Report No. 108-265, Vol. 2, *, 2004 Developments in Aging United States. Congress. Senate. Special Committee on Aging, 2004 *The Inevitable Hour* Emily K. Abel, 2013-05-01 Changes in health care have dramatically altered the experience of dying in America At the turn of the twentieth century medicine s imperative to cure disease increasingly took priority over the demand to relieve pain and suffering at the end of life Filled with heartbreaking stories The Inevitable Hour demonstrates that professional attention and resources gradually were diverted from dying patients Emily K Abel challenges three myths about health care and dying in America First that medicine has always sought authority over death and dying second that medicine superseded the role of families and spirituality at the end of life and finally that only with the advent of the high tech hospital did an institutional death become dehumanized Abel shows that hospitals resisted accepting dying patients and often worked hard to move them elsewhere Poor terminally ill patients for example were shipped from Bellevue Hospital in open boats across the East River to Blackwell s Island where they died in hovels mostly without medical care Some terminal patients were not forced to leave yet long before the advent of feeding tubes and respirators dying in a hospital was a profoundly dehumanizing experience With technological advances passage of the Social Security Act and enactment of Medicare and Medicaid almshouses slowly disappeared and conditions for dying patients improved though as Abel argues the prejudices and approaches of the past are still with us The problems that plagued nineteenth century almshouses can be found in many nursing homes today where residents often receive substandard treatment A frank portrayal of the medical care of dying people past and present The Inevitable Hour helps to explain why a movement to restore dignity to the dying arose in the early 1970s and why its goals have been so difficult to achieve
