Nutmeg Tree:

The Tree Book DK,2022-05-17 The secret world of trees is revealed in this beautiful and absorbing guide to the giants of the plant world Trees occur naturally throughout the world and have been a part of human history almost as long as humans have existed Used for shelter tools fuel and food they also help supply the atmosphere with oxygen and form astonishingly diverse ecosystems as well as some of the world s most beautiful landscapes Now the intricate world of leafy woodlands and abundant rainforests is revealed in this extensive visual guide to trees exploring their key scientific traits and their ecological importance as well as their enduring significance in human history and culture From ancient oaks and great redwoods to lush banyans and imposing kapoks The Tree Book reveals the anatomy behaviors and beauty of these incredible plants and habitats in detail Combining natural history and a scientific overview with a wider look at the history uses symbolism and mythology of trees this book is a new kind of guide to these fascinating organisms **The Nutmeg's Curse** Amitav

Ghosh,2021-10-14 The author of The Great Derangement finds the origins of our climate crisis in Western colonialism s violent exploitation of human life and the environment A powerful work of history essay testimony and polemic Amitav Ghosh s new book traces our contemporary planetary crisis back to the discovery of the New World and the sea route to the Indian Ocean The Nutmeg s Curse argues that the dynamics of climate change today are rooted in a centuries old geopolitical order constructed by Western colonialism At the center of Ghosh s narrative is the now ubiquitous spice nutmeg The history of the nutmeg is one of conquest and exploitation of both human life and the natural environment In Ghosh s hands the story of the nutmeg becomes a parable for our environmental crisis revealing the ways human history has always been entangled with earthly materials such as spices tea sugarcane opium and fossil fuels Our crisis he shows is ultimately the result of a mechanistic view of the earth where nature exists only as a resource for humans to use for our own ends rather than a force of its own full of agency and meaning Writing against the backdrop of the global pandemic and the Black Lives Matter protests Ghosh frames these historical stories in a way that connects our shared colonial histories with the deep inequality we see around us today By interweaving discussions on everything from the global history of the oil trade to the migrant crisis and the animist spirituality of Indigenous communities around the world The Nutmeg s Curse offers a sharp critique of Western society and speaks to the profoundly remarkable ways in which human history is shaped by non human forces

Vernacular List of Trees, Shrubs, and Woody Climbers in the Madras Presidency Alfred Wyndham Lushington,1915 **Trees** Tony Rodd,Jennifer Stackhouse,2008 Beautifully illustrated and designed this gorgeous reference book explores the world of trees from every perspective from the world s great forests to the lifespan of a single leaf Arresting color photographs of a wide variety of trees and close ups of many of their remarkable features provide an enormous amount of information in a highly accessible format The volume illustrates how trees grow and function looks at their astounding diversity and adaptations documents the key role they play in ecosystems and explores the multitude of uses

to which we put trees from timber and pharmaceuticals to shade and shelter A highly absorbing read cover to cover or dipped into at random *Trees A Visual Guide* delves into many specific topics the details of flowers bark and roots profiles of favorite trees how animals and insects interact with trees trees in urban landscapes the role trees play in our changing climate deforestation and reforestation and much more With clear diagrams illustrations and intriguing sidebars on many featured topics this unique volume is a complete visual guide to the magnificence of the arboreal world **The Journal of**

the Indian Archipelago and Eastern Asia James Richardson Logan,1851 **The Ongoing Columbian Exchange** Christopher Cumo,2015-02-25 This unique encyclopedia enables students to understand the myriad ways that the Columbian Exchange shaped the modern world covering every major living organism from pathogens and plants to insects and mammals Most people have only the vaguest notion of how profoundly the world was changed by Christopher Columbus's arrival in the Americas Indeed some of what is commonly regarded as traditional Native American life and culture living in teepees and hunting buffalo from horseback for example came from the arrival of Europeans This encyclopedia helps students acquire fundamental information about the Columbian Exchange through approximately 100 alphabetically arranged entries on animals plants diseases and items that were exchanged accompanied by sidebars throughout that provide interesting discussions of key people companies and other related topics The work begins with an introductory essay that overviews the Columbian exchange and not only addresses its biological and cultural components but also treats it as a political and economic event The alphabetically organized entries cover topics ranging from the African slave trade almonds and alpacas to watermelon whooping cough and yellow fever The encyclopedia also offers a chronology of the major events of the Columbian Exchange as well as 15 transcribed primary source documents that enable students to look into history directly including passages about the exchange that focus on the Irish Potato Famine the slave trade and the influenza pandemic of 1918 1919 Food and World Culture Linda S. Watts,Kelty Clark-Mahoney,2022-08-23 This book uses food as a lens through which to explore important matters of society and culture In exploring why and how people eat around the globe the text focuses on issues of health conflict struggle contest inequality and power Whether because of its necessity pleasure or ubiquity the world of food and its lore proves endlessly fascinating to most people The story of food is a narrative filled with both human striving and human suffering However many of today's diners are only dimly aware of the human price exacted for that comforting distance from the lived world realities of food justice struggles With attention to food issues ranging from local farming practices to global supply chains this book examines how food's history and geography remain inextricably linked to sociopolitical experiences of trauma connected with globalization such as colonization conquest enslavement and oppression The main text is structured alphabetically around a set of 70 ingredients from almonds to yeast Each ingredient's story is accompanied by recipes Along with the food profiles the encyclopedia features sidebars These are short discussions of topics of interest related to food including automats diners victory gardens and food at world's fairs This project also

brings a social justice perspective to its content weighing debates concerning food access equity insecurity and politics

Paxton's Magazine of Botany, and Register of Flowering Plants, 1838 *Magazine of Botany and Register of Flowering Plants* Joseph Paxton, 1838 **Paxton's Magazine of Botany, and Register of Flowering Plants** Sir Joseph Paxton, 1838
