Disciplining Women Deborah Elizabeth Whaley,2010-09-01 Black Greek letter organizations offer many African Americans opportunities for activism community building fostering cultural pride and cultural work within the African American community Disciplining Women focuses on the oldest Black Greek letter sorority Alpha Kappa Alpha established in 1908 In this innovative interdisciplinary analysis of AKA Deborah Whaley combines ethnographic field work archival research oral history and interpretive readings of popular culture and sorority rituals to

examine the role of the Black sorority in women's everyday lives and more broadly within public life and politics. The study includes sorority members' stories of key cultural practices and rituals including political participation, step dancing, pledging, hazing, and community organizing. While she remains critical of the shortcomings that plague many Black social organizations with activist programs, Whaley shows how AKA's calculated cultivation of sorority life demonstrates personal and group directed discipline and illuminates how cultural practices intersect with politics and Black public life. *The SAGE Encyclopedia of Psychology and Gender* Kevin L. Nadal, 2017-04-15 The SAGE Encyclopedia of Psychology and Gender is an innovative exploration of the intersection of gender and psychology topics that resonate across disciplines and inform our everyday lives. This encyclopedia looks at issues of gender identity and psychological processes at the individual as well as the societal level, exploring topics such as how gender intersects with developmental processes both in infancy and childhood and throughout later life stages, the evolution of feminism and the men's movement, the ways in which gender can affect psychological outcomes and influence behavior, and more. With articles written by experts across a variety of disciplines, this encyclopedia delivers insights on the psychology of gender through the lens of developmental science, social science, clinical and counseling psychology, sociology, and more. This encyclopedia will provide librarians, students, and professionals with ready access to up-to-date information that informs some of today's key contemporary issues and debates. These are the sorts of questions we plan for this encyclopedia to address: What is gender nonconformity? What are some of the evolutionary sex differences between men and women? How does gender-based workplace harassment affect health outcomes? How are gender roles viewed in different cultures? What is third wave feminism?

Brothers and Sisters Craig LaRon Torbenson, Gregory Parks, 2009 The 1950s are arguably the watershed era in the civil rights movement with the landmark Supreme Court decision of *Brown v. Board of Education* in 1954, the Montgomery Bus Boycott in 1955, and the desegregation of Little Rock Arkansas High School in 1957. It was during this period, 1955 to be exact, that sociologist Alfred M. Lee published his seminal work *Fraternities without Brotherhood: A Study of Prejudice on the American Campus*. Lee's book was the first and last book to explore diversity within college fraternal groups. More than fifty years later, Craig L. Torbenson and Gregory S. Parks revisit this issue more broadly in their edited volume *Brothers and Sisters: Diversity in College Fraternities and Sororities*. This volume draws from a variety of disciplines in an attempt to provide a holistic analysis of diversity within collegiate fraternal life. It also brings a wide range of scholarly approaches to the inquiry of diversity within college fraternities and sororities. It explores not only from whence these groups have come but where they are currently situated and what issues arise as they progress.
