Augsburger, 1979 *Preaching about Conflict in the Local Church* William H. Willimon, 1987-01-01 Should the pulpit be used as a place to address issues of congressional conflict After first examining the nature of conflict within human groups William H Willimon discusses how to prepare sermons on controversial subjects suggesting ways to use the biblical text to examine divisive issues He comments on the importance of style and delivery tone when dealing with difficult topics **Clinical Handbook of Pastoral Counseling** Robert J. The A.M.E. Zion Quarterly Review , 1986 *Military Chaplains' Review* , 1980 **Reckoning with Aggression** Kathleen J. Greider, 1997-01-01 Aggression is ambiguous in our society according to Kathleen Greider While giving us strength to fight the world s social ills or to create vital and powerful lives aggression can also lead to rage and violence Thus society has often viewed aggression as evil or sinful Greider wants Christians to repair their view of aggression and realize that aggression is what can spur them to make the world better In exploring aggression from feminist pastoral and

theological perspectives Greider examines the relationships between violence and vitality passion and aggression and finds that Christians can be strong without being destructive *Managing Teaching and Learning in Further and Higher Education* Kate Ashcroft, Lorraine Foreman-Peck, 2013-10-14 The role of the teacher lecturer is to manage and facilitate the process of teaching and learning in a two way interaction between teacher self and taught other This handbook covers ways of managing the teaching learning and assessment process to improve students learning It guides readers through paths of enquiry and reflection to create a learning programme designed to meet students specific needs The focus includes student learning and tutors teaching and how these are effected by institutional arrangements the interpersonal skills of tutors and course design and teaching methods The text includes enquiry tasks which invite the reader to explore issues introduced in each chapter in the context of their own institution An annotated reading list at the end of each chapter enables the reader to take their particular interests further Basic Types of Pastoral Care & Counseling Howard Clinebell, 2011-08-01 Basic Types of Pastoral Care and Counseling remains the standard in pastoral care and counseling This third edition is enlarged and revised with updated resources methods exercises and illustrations from actual counseling sessions This book will help readers be sensitive to cultural diversity ethical issues and power dynamics as they practice holistic growth oriented pastoral care and counseling in the parish *Saying Our Stories* Ronald H. Sunderland, 2024-07-17 SOS is the culmination of my work since 1966 when my wife Noel and I moved from Melbourne Australia to Houston Texas My initial goal was to begin a four year clinical pastoral education program CPE at the Institute of Religion in the Texas Medical Center The long term dream was to develop a parish based lay pastoral education program to equip laypeople to serve with their ordained pastors in the pastoral ministry of the parish Until the midnineteenth century pastoral care was the province of parish clergy for which few were adequately equipped I aimed to change that model by demonstrating that laypeople with the necessary training were integral to the church s ministry That would entail providing clergy with supervisory skills The founder organizations of the newly constituted Association for Clinical Pastoral Education ACPE had pioneered clergy pastoral care education in the 1920s The Equipping Laypeople for Ministry ELM program which I founded in 1979 proved effective in the dual tasks of lay pastoral care training and the preparation of clergy for their necessary function of oversight of lay pastors Saying Our Stories is the account of the pioneering effort to undertake those tasks and demonstrate the effectiveness of the new model of parish pastoral ministry It is a book of stories The text suggests that pastoral care at heart is knowing that when a troubled person casts round for someone to listen to her or his story they need a caring story listener Such listening is hard work but story listeners know that to listen is to care If they finish up thinking All I did was listen they know it is such a big all The Shared Ministry Sourcebook Barbara Child, 1996 A Pastor's Guide to Interpersonal Communication Blake J. Neff, 2014-01-14 Improving your powers of communication can encourage powerful communication with your parishioners A Pastor s Guide to Interpersonal Communication The Other Six Days provides students preparing for the

pastoral ministry with specialized training in communications that focuses on the kind of one on one conversations they can expect to have with their parishioners This comprehensive book examines a variety of essential topics including perception self disclosure verbal and nonverbal messages listening stages of relational development power assertiveness and dominance conflict management forgiveness persuasion dual relationships pastoral family communication and how to develop a communications model Each chapter includes Pastoral Conversations real life dialogues presented for analysis Key Concepts for quick student review Meanings Mania self tests on vocabulary and Unleashing the Power of Interpersonal Communication student exercises that reinforce the practical aspects of key principles While many pastors have a great love for the people they minister to they have difficulty demonstrating that love because they lack the skills to develop and maintain relationships This book explores how communication works and how to make it work for you applying the best available interpersonal communications techniques to your relationships with the real people of the church your parishioners A Pastor s Guide to Interpersonal Communication The Other Six Days examines how self disclosure works and when it s appropriate for a pastor stumbling blocks and building blocks for effective listening the differences between power assertiveness and dominance and when to use each conflict management styles and negotiation strategies several myths about forgiveness dual relationships and how to avoid them pitfalls to avoid in pastoral family communication and much more A Pastor s Guide to Interpersonal Communication The Other Six Days is an essential resource for Bible college students and for students at the pre ministerial and seminary levels It s also a valuable professional tool for clergy practitioners who need help with their communication skills

Passive-aggressiveness, Theory and Practice Richard D. Parsons, Robert J. Wicks, 1983

God Loves Gay Women Reverend Bonnie Kelly, 2014-02-28 Honest faithful people are wondering if the Bible is really telling them to hate gay people This book is a reasoned response to that inquiry It deals with the Scriptures most often cited to justify homophobia and provides a more loving interpretation Six lesbians tell their story and how the Church has impacted their lives Families and clergy are given clear guidelines on how to offer support and kindness to this marginalized and maligned group of women This is an important book for our time Homophobia cruelty and denial of human dignity to all gay people at home and globally have re emerged much of it fueled by false and malicious biblical interpretation

Homosexuality and the Christian Mark A. Yarhouse, PsyD, 2010-09-01 Mark Yarhouse gives honest and accurate answers to parents and pastors who have questions about homosexuality Throughout the book the author uses a new framework for understanding the issue carefully separating the concept of same sex attraction from a gay identity In a clear and compassionate style he explains the research regarding what causes same sex attraction and whether or not it can be overcome He also discusses what Christians can do when someone they know opens up to them about their homosexual attractions
