

Philosophy will not be able to effect an immediate transformation of the present condition of the world. This is not only true of philosophy, but of all merely human thought and endeavor. Only a God can save us. The sole possibility that is left for us is to prepare a sort of readiness, through thinking and poeticizing, for the appearance of the God or for the absence of the God in the time of foundering for in the face of the God who is absent, we founder. Only a God can save us.
