Lost Tycoon:

The Lost Tycoon Harvey Hurt,1993-05-01 **The Strange Case of Donald J. Trump** Dan P. McAdams,2020-02-17

The Strange Case of Donald J Trump provides a coherent and nuanced psychological portrait of Donald Trump drawing upon biographical events in the subject's life and contemporary scientific research and theory in personality developmental and social psychology Dan P McAdams renowned psychologist who pioneered the study of lives examines the central personality traits personal values and motives and the interpersonal and cultural factors that together have shaped Trump's psychological makeup with an emphasis on the strangeness of the case that is how Trump again and again defies psychological expectations regarding what it means to be a human being The book's central thesis is that Donald Trump is the episodic man The chapters structured as stand alone essays each riffing on a single psychological theme build on each other to present a portrait of a person who compulsively lives in the moment without an internal story to integrate his life in time With an emphasis on scientific personality research rather than political rhetoric McAdams shows that Trump's utter lack of an inner life story is truly exceptional This book is a remarkable case study which should be of as much interest to psychologists as it is to readers trying to reckon with the often confounding behavior and temperament of the 45th President of the United States

Empires of Entertainment Jennifer Holt,2011-06-01 Empires of Entertainment integrates legal regulatory industrial and political histories to chronicle the dramatic transformation within the media between 1980 and 1996 As film broadcast and cable grew from fundamentally separate industries to interconnected synergistic components of global media conglomerates the concepts of vertical and horizontal integration were redesigned The parameters and boundaries of market concentration consolidation and government scrutiny began to shift as America's politics changed under the Reagan administration Through the use of case studies that highlight key moments in this transformation Jennifer Holt explores the politics of deregulation the reinterpretation of antitrust law and lasting modifications in the media landscape Holt skillfully expands the conventional models and boundaries of media history A fundamental part of her argument is that these media industries have been intertwined for decades and as such cannot be considered separately Instead film cable and broadcast must be understood in relation to one another as critical components of a common history Empires of Entertainment is a unique account of deregulation and its impact on political economy industrial strategies and media culture at the end of the twentieth century

All the President's Women Barry Levine,Monique El-Faizy,2019-10-22 With groundbreaking interviews behind the scenes reporting and never before seen photos All the President's Women records 43 new allegations of sexual misconduct against President Trump including that of E Jean Carroll the woman at the center of the civil trial that found Trump liable for sexual abuse in 2023 During his 2016 presidential run the revelation of the Access Hollywood tape and subsequent allegations of sexual misconduct lodged against Donald Trump looked like they might doom his candidacy Trump survived and the first two years of the real estate scion's presidency were marked not by

controversy over his behavior around women but by the Mueller investigation Outside of being found liable for sexual abuse in a 2023 civil trial that awarded E Jean Carroll 5 million in damages Trump has widely dodged the MeToo bullet that has taken down so many once powerful men But despite the decades of tabloid fascination with his personal life the story of Trump s relationship with women has never been fully told Considering his bully pulpit in the White House the reckoning is overdue All the President s Women offers the most detailed account yet of Trump s history with women dating back to his childhood and high school days through his rise in real estate reality TV and politics This book will show that Trump s behavior goes far beyond occasional locker room talk and unwanted advances Barry Levine and Monique El Faizy detail more than a dozen new allegations against Trump including a disturbing attack on a woman at Mar a Lago an incident at a private Manhattan sex club involving a teenage girl as well as Trump s behavior at fashion shows and beauty pageants events that gave the future president a hunting ground to harass young women Veteran journalists Levine and El Faizy tell the story of Trump from the point of view of the women in his orbit wives mistresses playmates and those whom the president has dated kissed groped or lusted after

Veblens America Sidney Plotkin,2018-12-28 Donald Trump s astonishing rise to the US presidency challenges conventional understandings of American politics yet he is distinctively American His biography and family lineage reflect American traditions such as real estate hucksterism and buccaneering salesmanship But Trump s pugnacity also reflects the shadow of other darker American traditions of misogyny racism and xenophobia patterns that formed what

Thorstein Veblen called a sclerosis of the American soul Using Veblen s theory of American development to explore the nation s curious fusion of barbarism and liberal democracy Veblen s America taps the rich vein of the sociologist s early twentieth century insights to shed light on the Trump phenomenon that has overwhelmed and threatened early twenty first century American democracy
