Poetry Los Angeles Laurence Goldstein,2014-03-12 A look at the poetry of one of America s most populous and fascinating cities with poems spanning from 1942 to 2012 *God's Church-Community* David Emerton,2020-07-09 David Emerton argues that Dietrich Bonhoeffer s ecclesial thought breaks open a necessary third way in ecclesiological description between the Scylla of ethnographic ecclesiology and the Charybdis of dogmatic ecclesiology Building on a rigorous and provocative discussion of Bonhoeffer s thought Emerton establishes a programmatic theological grammar for any speech about the church Emerton argues that Bonhoeffer understands the church as a pneumatological and eschatological community in space and time and that his understanding is built on eschatological and pneumatological foundations These foundations in turn give rise to a unique methodological approach to ecclesiological description an approach that enables Bonhoeffer to proffer a genuinely theological account of the church in which both divine and human agency are held together through an account of God the Holy Spirit Emerton proposes that this approach is the perfect remedy for an endemic problem in contemporary accounts of the church that of attending either to the human empirical church community ethnographically or to the life of God dogmatically and to each problematically at the expense of the other This book will act as a clarion call towards genuinely theological ecclesiological speech which is allied to real ecclesial action **Let God Be**

True and Every Man a Liar Victor Perez,2013-06-17 We as the church are being looked at by the lost world as a bunch of hypocrites We need to seriously consider this viewpoint in how we are evangelizing the lost Currently there are 3 500 people leaving the church from all denominations daily This is definitely not the Lords plan for the Body of Christ Another statistic showed that from the years 2000 to 2008 20 million people left the North American church from all denominations Matthew 11 28 NAS reads Come to Me all you who are weary and heavy laden and I will give you rest When the Lord Jesus Christ uses the term all He is referring to every single person on Earth When the church uses the term all they are referring to only

those who belong to their denomination This should not be I truly believe that the Lord Jesus wants to redefine who He wants to be in each and every one of our lives if we let Him The question is do we want Him to or are we comfortable with where we are operating as different denominational churches What the world is experiencing currently is testimony that business as usual has ended for the entire church world

The Call of Distant Mammoths Peter D. Ward, 2012-12-06 Just 12 000 years ago at the height of the last Ice Age saber toothed tigers giant ground sloths camels hippos and the great herds of proboscideans giant mastodons and mammoths extinct relatives of the elephant roamed the land where skyscrapers now stand Why are these splendid creatures no longer with us This compelling book explores the reasons for these extinctions and provides a tour of mass extinctions throughout earth s history including the great comet crash that killed off the dinosaurs Brilliantly written *The Call of Distant Mammoths* is an engaging exploration of the history of life and the importance of humanity as an evolutionary force

The Wallflower Avant-Garde Brian Glavey, 2015-10-01 *The Wallflower Avant Garde* highlights a strain of formalism visible in both modernist literature and contemporary queer studies drawing attention to an aesthetic that is as quiet and quirky as it is queer In studies of Gertrude Stein Djuna Barnes Richard Bruce Nugent Frank O Hara and John Ashbery Brian Glavey argues for a recalibrated understanding of the relation between sexuality and the aesthetic revealing a non oppositional avant gardism that opts out of some of the binaristic imperatives that have structured recent debates in queer theory Refusing to decide between positive and negative affects or to side with either utopian or antisocial ambitions *The Wallflower Avant Garde* explores models of reading and writing about art that remain flexible enough to dig deep even as they gloss the surface At the heart of this argument is a revaluation of modernist ekphrasis a mode understood as literature s imitation or description of the visual arts From the well wrought urns of the New Critics onward ekphrasis has figured prominently in the legacy of modernist literary criticism but a tendency to read its complicated modes of relationality in terms of either autonomy or antagonism has obscured the forms of creative failure and imitation embodied in the desire to confuse poetry for pottery Attending to mimetic and descriptive strategies without dismissing the aspirations for wholeness and closure that often animate them allows for the recognition that queerness and modernism are intertwined in unexpected and unpredictable ways revealing new insights into the varieties of abstraction preterition and spatial form that stand behind modernism s investment in the aesthetic
