Butch, 2001-04-04 ***Love, Infidelity, and Sexual Addiction*** Christine A. McKenna, 1992 *All in the Family* Rita B. Hays, 2010-07-20 Many excellent and informative books have been written on addiction These books have provided information about the nature of the disease characteristics of the addictive life style and ways to offer recovery to the addict There have also been helpful books written on the dynamics of family life when family members have an individual who has an addiction However few books have been written to help families as they struggle with the faith questions and issues that arise when addiction is a part of the family This book will help families deal with these faith questions and issues such as where is God how do I pray and is there hope This book is written for families that are dealing with the addiction of a family member It is intended to address the faith issues that these families are struggling with as they also deal with the family dynamics associated with addiction *Forgotten Victims of Sex Abusers* William F. Kraft, 2020-03-11 This book honors the courageous sex victims who exposed their abusers The spotlight and rightly so has been on them and their predators William Kraft contends however that little attention and help has been given to those who unknowingly knew a sex offender people such as spouses family friends and parishioners the unintended victims Kraft gives these forgotten and silent victims a voice He recognizes listens and responds to people who trusted often admired and perhaps loved a sex offender the shocked woman whose husband is found guilty of sexual assault the stunned parents and disillusioned parishioners of a pedophile priest the lost man of an unfaithful wife and the depressed parent of a promiscuous child Kraft wants us to cease forgetting these victims and offer them help His proposal is that sex abusers cause severe and lasting harm because their defilement is not only physical but also emotional social and most importantly spiritual because abusers violate bonds such as trust fidelity and love Thus Kraft offers concrete psychological and spiritual ways to achieve effective management and healing
