New Left Review, 2007 Religions in Dialogue Alan Race, Ingrid Shafer, 2017-11-30 This title was first published in 2002 Judaism Christianity and Islam as Abrahamic religions share much theological common ground and the momentum for dialogue between them at theological levels has greatly increased in recent decades This book explores the relationship between religion and the modern democratic state from the perspective of these three monotheistic traditions It investigates how the three religions in dialogue might overcome their historic antagonism as a prelude to working for the development of the global common good As part of the test of religious ideals some of the contributions bring theory down to earth by examining the role of religion in three democratic states with different histories Turkey Indonesia India and also in relation to a culture of human rights Drawing together leading Muslim Christian and Jewish authors from America Europe and Asia the book presents a rare collaboration of faiths and ideas to make a contribution to studies of inter religious dialogue and the changing role of religion in the democratic state *In Permanent Crisis* Ipek A. Novel Bashir Abu-Manneh, 2016-04-26 What happens to the Palestinian novel after the national dispossession of the nakba and how do Palestinian novelists respond to this massive crisis This is the first study in English to chart the development of the Palestinian novel in exile and under occupation from 1948 onwards By reading the novel in the context of the ebb and flow of Arab and Palestinian revolution Bashir Abu Manneh defines the links between aesthetics and politics Combining historical analysis with textual readings of key novels by Jabra Kanafani Habiby and Khalifeh the chronicle of the Palestinian novel unfolds as one that articulates humanism self sacrifice as collective redemption mutuality and self realization Political challenge hope and possibility are followed by the decay of collective and individual agency Genet s and Khoury s unrivalled literary homages to Palestinian revolt are also examined By critically engaging with Luk cs Adorno and postcolonial theory questions of struggle and self determination take centre stage *Reclaiming the Nation* Sam Moyo, Paris Yeros, 2011-03-04 This book compares the trajectories of states and societies in Africa Asia and Latin America under neoliberalism a time marked by serial economic crises escalating social conflicts the remilitarisation of North South relations and the radicalisation of social and nationalist forces Sam Moyo and Paris Yeros bring together researchers and activists from the three continents to assess the state of national sovereignty and the challenges faced by popular movements today They show that global integration has widened social and regional inequalities within countries exacerbated ethnic caste and racial conflicts and generally reduced the bureaucratic capacities of states to intervene in a defensive way Moreover inequalities between the countries of the South have also widened These structural tensions have all contributed to several distinct political trajectories among states from fracture and foreign occupation to radicalisation and uncertain re stabilisation This book redraws the debate on the political economy of the contemporary South and provides students of international studies with an important collection of readings *The Socialism of Fools?* William I. Brustein, Louisa Roberts, 2015-07-23 Anti Semitism as it has existed historically in Europe is generally thought of as having been a phenomenon of the political right To the extent that nineteenth and early twentieth century leftist movements have been found to manifest anti Semitism their involvement has often been suggested to be a mere fleeting and insignificant phenomenon As such this study seeks to examine more fully the role that the historic European left has played in developing and espousing anti Semitic views The authors draw upon a range of primary and secondary sources including the analysis of left and right wing newspaper reportage to trace the relationship between the political left and anti Semitism in France Germany and Great Britain from the French Revolution to World War II ultimately concluding that the relationship between the left and anti Semitism has been much more profound than previously believed *War Talk* Arundhati Roy, 2003 Essays *Israel and South Africa* Ilan Pappé, 2015-10-15 Within the already heavily polarised debate on the Israeli Palestinian conflict parallels between Israel and apartheid South Africa remain highly contentious A number of prominent academic and political commentators including former US president Jimmy Carter and UN Special Rapporteur John Dugard have argued that Israel s treatment of its Arab

Israeli citizens and the people of the occupied territories amounts to a system of oppression no less brutal or inhumane than that of South Africa's white supremacists. Similarly, boycott and disinvestment campaigns comparable to those employed by anti-apartheid activists have attracted growing support. Yet while the apartheid question has become increasingly visible in this debate, there has been little in the way of genuine scholarly analysis of the similarities or otherwise between the Zionist and apartheid regimes. In Israel and South Africa, Ilan Papp, one of Israel's preeminent academics and a noted critic of the current government, brings together lawyers, journalists, policy makers and historians of both countries to assess the implications of the apartheid analogy for international law, activism and policy making. With contributors including the distinguished anti-apartheid activist Ronnie Kasrils, Israel and South Africa offers a bold and incisive perspective on one of the defining moral questions of our age. *The False Prophets of Peace* Tikva Honig-Parnass, 2011-11-15. This book refutes the long-held view of the Israeli left as adhering to a humanistic, democratic and even socialist tradition attributed to the historic Zionist Labor movement. Through a critical analysis of the prevailing discourse of Zionist intellectuals and activists on the Jewish democratic state, it uncovers the Zionist left's central role in laying the foundation of the colonial settler state of Israel, in articulating its hegemonic ideology and in legitimizing whether explicitly or implicitly the apartheid treatment of Palestinians both inside Israel and in the 1967 occupied territories. Their determined support of a Jewish-only state underlies the failure of the peace process initiated by the Zionist Left to reach a just peace based on recognition of the national rights of the entire Palestinian people. **Debating Empire** Gopal Balakrishnan, 2020-05-05. Michael Hardt and Antonio Negri's book *Empire* has been hailed as a latter-day Communist Manifesto. Its ability to develop a theoretical framework relevant to the current period of global neo-liberalism and international capitalism captured the imagination of the growing anti-capitalist movement and has been claimed as a turning point for the left. As much as it has seduced and delighted some, however, it has enraged and frustrated others. In this collection, a series of some of the most acute international theorists and commentators of our times subject the book to trenchant and probing analysis from political, economic and philosophical perspectives, and Hardt and Negri respond to their questions and criticisms.
