Hickman, 2018-09-18 Larry A Hickman presents John Dewey as very much at home in the busy mix of contemporary philosophy as a thinker whose work now more than fifty years after his death still furnishes fresh insights into cutting edge philosophical debates Hickman argues that it is precisely the rich pluralistic mix of contemporary philosophical discourse with its competing research programs in French inspired postmodernism phenomenology Critical Theory Heidegger studies analytic philosophy and neopragmatism all busily engaging challenging and informing one another that invites renewed examination of Dewey's central ideas Hickman offers a Dewey who both anticipated some of the central insights of French inspired postmodernism and if he were alive today would certainly be one of its most committed critics a Dewey who foresaw some of the most trenchant problems associated with fostering global citizenship and a Dewey whose core ideas are often at odds with those of some of his most ardent neopragmatist interpreters In the trio of essays that launch this book Dewey is an observer and critic of some of the central features of French inspired postmodernism and its American cousin neopragmatism In the next four Dewey enters into dialogue with contemporary critics of technology including Jürgen Habermas Andrew Feenberg and Albert Borgmann The next two essays establish Dewey as an environmental philosopher of the first rank a worthy conversation partner for Holmes Ralston III Baird Callicott Bryan G Norton and Aldo Leopold The concluding essays provide novel interpretations of Dewey's views of religious belief the psychology of habit philosophical anthropology and what he termed the epistemology industry Pragmatism as Post Postmodernism Lessons from John Dewey is available from the publisher on an open access basis **The O.E. Darwin in the Jewish Imagination Daniel R. Langton, 2025-10-09 Darwin in the Jewish Imagination provides an overview of Jewish responses to Darwinian evolution one of the most transformative and challenging ideas of the industrial age Spanning a century of intellectual and cultural history it examines how Jewish thinkers traditionalists reformers secularists mystics and philosophers grappled with the profound implications of evolutionary theory for their religious beliefs and cultural identities The book offers close readings of key figures and debates from Europe to the United States situating them within the broader contexts of the religion science controversy Jewish Christian interfaith relations and the intellectual

challenges of modernity A central theme is the panentheistic tendency evident in Jewish thought reflecting a vision of God as intimately connected with the evolving universe and its natural laws It explores how Jewish thinkers reinterpreted foundational concepts such as creation divine action and human morality in light of Darwin's ideas This interdisciplinary work not only illuminates how Jewish thought adapted to evolutionary theory but also reveals the broader cultural and theological exchanges shaping modern Judaism By examining these responses the book sheds light on how science and Jewish religion have engaged in an enriching dialogue with profound consequences for modern Jewish thought belief and identity

Lewis and Christian Postmodernism** Kyoko Yuasa,2016-04-19 Employing a postmodernist literary approach this book identifies C S Lewis both as an antimodernist and as a Christian postmodernist who tells the story of the gospel to twentieth and twenty first century readers Lewis is popularly known as an able Christian apologetic writer talented in explaining Christian beliefs in simple logical terms But his fictional works feature expressions that erect ambiguous borders between nonfiction and fiction an approach equivalent to those typical in postmodernist literature Whereas postmodernist literature is full of many small micronarratives that deconstruct the Great Story Lewis's fictional world is the reverse of this in his world multiple and small stories are chosen but they also ultimately express the Story that transcends human understanding Lewis's approach reflects both his opposition to modernist philosophy which embraces solidified interpretation and his criticism of modernized Christianity Lewis's fictional works focus on the history of interpretation and deconstructing interpretations of the previous age seek a new model for interpretation Both C S Lewis and postmodern writers force us to choose between alternative interpretations *Catalog of Copyright Entries. scholarship with eastern Christianity *The Athenaeum* ,1889 The Misquotable C.S. Lewis William O'Flaherty,2018-03-16 C S Lewis wrote many great words but not everything you see with his name on it is from the famed author of the Narnia books Seventy five quotations are presented that have an association in one way or another with a host of names including Ryan Seacrest Anthony Hopkins Max Lucado Rick Warren and Tim Allen Learn the three most common ways Lewis is misrepresented 1 Falsely Attributed Quotes Expressions that are NOT by him 2 Paraphrased Words that are ALMOST what he said 3 Out of Context Material he wrote but are NOT QUITE what he believed This book doesn't stop there Also discover what Lewis actually said that is related to the presented misquotes Those new to Lewis and the more serious reader of his works will grow in their appreciation of a writer that is not only quotable but obviously misquotable All God's Children and Blue Suede Shoes (With a New Introduction / Redesign) Ken Myers,2012-02-29 Every generation faces unique challenges The first century Church had Caesar's lions and the Colosseum And while it might seem like an unlikely comparison the challenge of living with popular culture may well be as serious as persecution was for the saints of old Today we witness the tremendous power of pop culture to set the pace and priorities of our lives We simply cannot afford to be indifferent about culture's influence nor can we escape it glibly condemn it or Christianize it Cultural expert Ken Myers helps us to engage pop culture from a historical and experiential perspective so that we can live in it with wisdom and discernment
