New Light On Pope:

New Light on Pope Norman Ault, 1942 The Yard of Wit Raymond Stephanson, 2004 Raymond Stephanson configures masculinity and its expressions in male creativity historically biographically and in sufficient deep layer detail to persuade the most rigorous of scholars that this work will be a reliable source of enduring worth George Rousseau De Montfort University English Literature, Volume 2 Louis A. Landa, 2015-12-08 Two volumes containing the annual bibliographies of 18th century scholarship published in the *Philological Quarterly* An excellent aid to the student of 18th century literature *Saturday Review* Volume 2 1939 1950 includes consolidated index for both volumes Originally published in 1952 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Women's Place in Pope's World** Valerie Rumbold, 1989-09-29 How was Alexander Pope's personal experience of women transformed into poetry How characteristic of his age was Pope's attitude toward women What was the influence of individual women such as his mother Patty Blount and Lady Mary Montagu on his life and work Valerie Rumbold's is the first full length study to address these issues Referring to previously unexploited manuscripts she focuses both on Pope's own life and art and on early eighteenth century assumptions about women and gender She offers readings of some of the well known poems in which women feature prominently and follows Pope's response throughout his writings in general The poet's own alienation from the dominant culture through religion politics and physical handicap and his troubled fascination with certain kinds of women make this subject complex and compelling with wide implications Dr Rumbold provides new insight and shows how women with whom Pope dealt can themselves be seen as individuals with presence and dignity *The World of Pope's Satires* Peter Dixon, 2022-01-29 First published in 1968 *The World of Pope's Satires* is a stimulating and challenging book showing how the satires written by Pope during the 1730s were not only expressions of his own poetic personality but were also responsive to the habits and attitudes of the age The author considers Pope's uses of some current conversational technique especially that of raillery and of the closely related social ideal of the cultivated gentleman Pope's regard for certain personal attributes and moral values notably hospitality integrity friendship charity and self knowledge is examined in two ways as it expresses itself positively in the satires and as it is defined negatively by his antipathy towards courtly self seeking and hypocrisy contemporary manifestations of acquisitiveness and the pride associated with neo stoicism The final chapter is wide ranging and shows that although Pope is at times representative and therefore limited in his response to the pressures and uncertainties of the age his satires live because of the subtlety of his treatment of such Augustan commonplaces as Order and Balance and the passion and spirit of his writing

This will be an interesting read for students of English literature *The Secret Malady* Linda Evi Merians,1996-01-01 Venereal disease existed in epidemical proportions in 18th century France and Britain Initially regarded as the subject for jokes and boasts of Restoration promiscuity its prevalence as the century wore on forced people to take it seriously Linda Merians offers a detailed study of the disease *The Pope and Ireland* Stephen J. Essay on Mr. Pope's Odyssey Joseph Spence, 1726 *A Commentary on Mr. Pope's Principles of Morality, or Essay on Man. By Mons. Crousaz ... In answer to a letter of Remarks on his Examen, etc. [Translated by Samuel Johnson?]* Jean Pierre de CROUSAZ, 1742 Reading Pope's Imitations of Horace Jacob Fuchs, 1989 This study reclaims Pope's meaning in each successive imitation by focusing on the differences between Horace's Latin poems and Pope's English versions. It considers not only Pope's expression of concerns about his own world but also the contemporary reputation of the Roman Augustan Age and of Augustus and Horace.

Fiddled out of Reason John William Knapp, 2019-04-11 *Fiddled out of Reason* is a study of several poems spanning the life and career of Joseph Addison who along with John Dryden, Alexander Pope, Ambrose Philips, Isaac Watts and many British poets of the turn of the eighteenth century helped to cultivate a broad new current of nonliturgical hymnic verse that became immensely popular across that century though it has eluded critical notice until now. The texts the book examines: Addison's *St Cecilia's Day* odes 1692, 1699; his libretto for the opera *Rosamond* 1707; and a sequence of five hymnic works in *The Spectator* 1712 precede by twenty-five years John Wesley's publication of the first hymnal for use in the Church of England. The book argues that secular hymnic works such as Addison's emerged alongside religious political controversies and anxieties about British national identity, morality and expressions of enthusiastic passions. Church and Tory interests largely rejected hymnic verse claiming it would only fiddle unwitting readers out of their reason and reignite the dangerous fervor of Revolution era Nonconformity and Dissent. As is evident from his poetry, Addison, a moderate Whig, ardently opposed this view, arguing that the hymnic could in fact be a portal to national and individual amelioration. After an introductory chapter exploring period conceptions of hymnic poetry and the highly contested term hymn itself, the argument proceeds through three sections to trace the hymnic's upward trajectory through Addison's early, mid-period and mature verse. The book devotes the lion's share of its attention to the last of these three which includes the five poem *Spectator* sequence, a poem from the sequence *The Spacious Firmament on High* will be familiar to many readers. Indeed, in addition to offering new readings of hymnic works by Dryden and Pope, *Fiddled out of Reason* provides the first extended critical treatment of these five important poems. Publication of the book coincides with the 300th anniversary of Addison's death and with the appearance of a new Oxford edition of Addison's nonperiodical writings.

The Long Shadow of Vatican II Lucas Van Rompay, Sam Miglarese, David Morgan, 2015-07-01 With the Second Vatican Council 1962-65 the Roman Catholic Church for the first time took a positive stance on modernity. Its impact on the thought, worship and actions of Catholics worldwide was enormous. Benefiting from a half-century of insights gained since Vatican II, this volume focuses squarely on the ongoing aftermath and reinterpretation of the Council in the twenty-first century. In five penetrating essays, contributors examine crucial issues at the heart of Catholic life and identity, primarily but not exclusively within North American contexts. On a broader level, the volume as a whole illuminates the effects of the radical changes made at Vatican II on the lived religion of everyday Catholics. As framed by volume editors Lucas Van Rompay, Sam Miglarese and David Morgan.

the book's long view of the church's gradual and often contentious transition into contemporary times profiles a church and laity who seem committed to many mutual values but feel that implementation of the changes agreed to in principle at the Council is far from accomplished The election in 2013 of the charismatic Pope Francis has added yet another dimension to the search for the meaning of Vatican II The contributors are Catherine E Clifford Hillary Kaell Leo D Lefebure Jill Peterfeso and Leslie Woodcock Tentler
