Department of the Interior, 1901 **Small Islands in Peril?** Colin Filer, 2024-07-11 This book explores the idea that small island communities could be regarded as canaries in the coal mine of sustainable development because of scientific and anecdotal evidence of a common link between rapid population growth degradation of the local resource base and intensification of disputes over the ownership and use of terrestrial and marine resources The authors are all anthropologists with a specific interest in the question of whether the economic and social safety valves that have previously served to break some of the feedback loops between these trends appear to be losing their efficacy While much of the debate about economy society environment relationships on small islands has been overtaken by a narrow focus on the problem of climate change the authors show that there are many other factors at work in the transformation of island lives and livelihoods Pitcairn Island as a Port of Call Herbert Ford, 2014-01-10 Pitcairn Island is arguably the most isolated inhabited spot on Earth Yet despite tricky ocean currents often lethal surf and sudden gales the island s standing as the home of the descendants of Fletcher Christian and his mutineer cohorts from H M S Bounty has drawn thousands of ships to its shores This maritime history of the island chronicles every ship that has called at Pitcairn from the time of the arrival of the mutineers in 1790 to December 2010 The ship s log format lists the date of each call the ship s name and particulars and brief reports of activities during the call which often include matters of love murder survival intrigue shipwreck romance and much more Since Pitcairn remains totally dependent on ships for its survival this work offers the most thorough historical record of the island and its people **Visiting Nursing in the United States** Yssabella Waters, 1912 *The American Journal of Nursing*, 1921 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954, 1980 *The*
