Dietética

antiaging y anticancer. Muntane Coca, Mar a Dolores,2020-01-01 Sin lugar a dudas existe un mercado de Dietas Y como en todo mercado nos dejamos llevar por la publicidad o por lo que nos llega en un momento determinado en que nuestra psicolog

a est receptiva a este tema Y en salud no podemos dejarnos llevar por esta loteria Hay que estar informado y saber con cierta precision y profundidad a que nos lleva cada dieta No es lo mismo una dieta teraputica que una dieta saludable Una tiene fecha de caducidad y no la otra Pero esto nos conduce a profundizar en el contenido de cada alimento y en su proceso metabolico en nuestro organismo Y en este camino descubrimos que no solo somos lo que comemos sino tambien y especialmente lo que absorbemos Y aquello radica el protagonismo de nuestro intestino Tiene intolerancias alimentarias No las tiene Necesita una suplementacion Nuestro metabolismo funciona igual a los treinta que a los sesenta años Y si no es asi que podemos hacer para frenar al maximo nuestro envejecimiento consiguiendo optimizar nuestro funcionamiento metabolico Cuando cualquier maquinaria como la de un coche est bien reglada funciona mejor y gasta menos combustible Pues bien consideramos la maquina humana en este sentido Y para que est bien reglada ha de funcionar en homeostasis Sin nada que chirriar Sin nada que sobra ni nada que falte Y para que ello ocurra esta maquina humana necesita el combustible adecuado Y si el alimento que tomamos tiene unas carencias hay que suplementarlo con oligoelementos Es lo que nos enseña la Medicina Ortomolecular Porque esta Medicina va a ser un privilegio de los deportistas de élite No Para cada uno de nosotros no hay mejor élite que uno mismo
