The Encyclopædia Britannica: Bisharin-Calgary , 1910      *Animals and Ancestors* Brian Morris, 2020-05-21 Ever since the emergence of human culture people and animals have co existed in close proximity Humans have always recognized both their kinship with animals and their fundamental differences as animals have always been a threat to humans well being The relationship therefore has been complex intimate reciprocal personal and crucially ambivalent It is hardly surprising that animals evoke strong emotions in humans both positive and negative This companion volume to Morris important earlier work *The Power of Animals* is a sustained investigation of the Malawi people s sacramental attitude to animals particularly the role that animals play in life cycle rituals their relationship to the divinity and to spirits of the dead How people relate to and use animals speaks volumes about their culture and beliefs This book overturns the ingrained prejudice within much ethnographic work which has often dismissed the pivotal role animals play in culture and shows that personhood religion and

a wide range of rituals are informed by and even dependent upon human animal relations

**Catholics, Peasants, and Chewa Resistance in Nyasaland** Ian Linden, 2023-09-01 Catholics Peasants and Chewa Resistance in Nyasaland examines the complex interplay between Catholic missionaries indigenous Chewa communities and colonial powers in Malawi during the late 19th and early 20th centuries Ian Linden with contributions from Jane Linden traces the history of the Chewa people who originally migrated from the Congo and their interactions with Portuguese missionaries and later British colonial forces The book explores how Catholic missionaries arriving in 1889 navigated a challenging socio political landscape shaped by Protestant competition Yao and Ngoni invasions and the growing influence of colonial administrators Despite their marginal position in the colonial society the Catholic missionaries found success among the more peripheral African groups such as the Alomwe and Sena immigrants as well as marginalized figures within Chewa society including lepers and orphans The book delves into the resistance efforts of the Chewa people particularly in response to colonial pressures while highlighting the role of Catholic missionaries as both spiritual leaders and advocates for social justice They championed the rights of women protested abuses and engaged with some of the most vulnerable members of society However the missionaries efforts were often complicated by their position as representatives of a once powerful but now discredited Church in a Protestant dominated colony Through a blend of historical analysis and ethnographic detail Linden paints a vivid picture of a missionary body torn between triumphalism and marginality caught in the delicate balance of resisting colonial forces while simultaneously seeking acceptance within them This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974
