Scott, 2016-12-29 An Examination of Conscience of the Understanding Empirical Proof of the Existence of God by Richard L Scott Seeking his own utmost depth of comprehensive understanding the author sets out to prove empirically that God exists The seed of proof is the Birth Paradox its florescence a faith grounded in his spirituality disposed soul As empirically real as his conscious self as mathematically certain as the probability laws of genetic science as necessary as that the universe requires a creator for its rational possibility as immanently intuitive as the Divine Allegory he mirrors The Birth Paradox is the contingency of personal conscious existence on the body Is there any scientific or commonsense belief as certain of itself And yet as a practical proposition it is an utterly impossible conjunction Personal consciousness is necessary specific to its own experience a subtly profound tautology How is it then that one's necessary being can be dependent on a chance body

A History of Political Thought Jeffrey Bercuson, 2020-11-03 A History of Political Thought is an accessible introduction to the history of political and economic thought its main focus is the rise and eventual consolidation of modern market society It asks What are the effects of private property and commerce on individual well being and on the stability of the political community A History of Political Thought answers this central question through the careful study of political philosophers and economists from ancient Greece to the twenty first century The book does not have an ideological agenda and gives equal voice to thinkers on opposite sides of the political spectrum This is one of its key merits and a mark of distinction its willingness to treat stark opponents Hobbes and Locke Smith and Marx Keynes and Hayek among others as equally worthy of serious study In doing so the book provides students with a very powerful arsenal of ideas about the evolution of the market and also provides a solid introduction to the history of political thought
