Study of Thomas Hardy and Other Essays D. H. Lawrence, 1985-07-25 D H Lawrence's Study of Thomas Hardy written in the early months of World War I was originally intended to be a short critical work on Hardy's characters but developed into a major statement of Lawrence's philosophy of art The introduction to this work shows its relation to Lawrence's final rewriting of The Rainbow and its place among his continual attempts to express his philosophy in a definitive form Previously published posthumously from a corrupt typescript the Study is now more firmly based on Koteliensky's typescript Lawrence having destroyed the manuscript The other essays in this volume span virtually the whole of Lawrence's writing career from Art and the Individual 1908 to his last essay John Galsworthy written in 1927 The introduction sets these essays in the context of Lawrence's life and work The textual apparatus gives variant readings and explanatory notes identify references and quotations and offer background information
