Kawaguchi,2010-11-30 In this fascinating and wide ranging book Yoko Kawaguchi explores the Western portrayal of Japanese women and geishas in particular from the mid nineteenth century to the present day She argues that in the West Japanese women have come to embody certain ideas about feminine sexuality and she analyzes how these ideas have been expressed in diverse art forms ranging from fiction and opera to the visual arts and music videos Among the many works Kawaguchi discusses are the art criticism of Baudelaire and Huysmans the opera Madama Butterfly the sculptures of Rodin the Broadway play Teahouse of the August Moon and the international best seller Memoirs of a Geisha Butterfly s Sisters also

Sixty years on from the end of the Pacific War *Japan on Display* examines representations of the Meiji emperor Mutsuhito 1852 1912 and his grandson the Showa emperor Hirohito who was regarded as a symbol of the nation in both war and peacetime Much of this representation was aided by the phenomenon of photography The introduction and development of photography in the nineteenth century coincided with the need to make Hirohito s grandfather the young Meiji Emperor more visible Photo books and albums became a popular format for presenting seemingly objective images of the monarch reminding the Japanese of their proximity to the Emperor and the imperial family In the twentieth century these national albums provided a visual record of wars fought in the name of the Emperor while also documenting the reconstruction of Tokyo scientific expeditions and imperial tours Drawing on archival documents photographs and sources in both Japanese and English this book throws new light on the history of twentieth century Japan and the central role of Hirohito With Japan s defeat in the Pacific War the Emperor was transformed from wartime leader to peace loving scientist *Japan on Display* seeks to understand this reinvention of a more human Emperor and the role that photography played in the process *Arts of Asia*,2009
