Inspiriran sveslavenstvom kao i europskim romantizmom, Preradović je autor rodoljubne ali i ljubavne lirike. Forgotten Friendships Yugoslavia and the Anticolonial Francophone World examines transnational friendships and alliances between intellectuals from Yugoslavia and the Francophone African and Caribbean world during the mid twentieth century. The book argues that transnational political friendships helped shape major intellectual movements like Negritude, African socialism and global socialist feminisms which surged beyond national, regional and even diasporic spaces. Blending archival research, literary analysis and biography, the book fills a significant gap in our understanding of how intellectuals from the Global South and the socialist world collaborated on shared goals of decolonization, anti-racism and socialist worldmaking. *Forgotten Friendships* emphasizes the ways in which writers, intellectuals and activists envisioned alternative futures rooted in collaboration across peripheries. Personal bonds of friendship were not mere footnotes to the anti-colonial struggle but vital political tools for rethinking global solidarity.
