Over Streams and Squirrel Woods... Alys Williams, 2011 I wanted to write about people who have a disease which destroys the ability to communicate or recognise anyone causes the loss of bodily functions forces dependency and dehumanises the sufferer as Lewy body dementia did to my Mum Some form of dementia affects 1 in 20 of the over 65s and 1 in 5 of over 80s so many of us how does it feel if you know that it is happening to you Some sufferers have said that it enriches awareness and acts as a prism through which life is viewed differently I could see that fantasy and reality merged in my Mum's mind and often wondered if she had an alternative world where her insecurities and fears manifested themselves as monsters and where she was powerful resourceful and a leader in contrast to her claustrophobic trapped and deteriorating reality Hopefully there is still power and creativity in the human mind even when it is damaged by plaques and tangles I have imagined her thoughts based on what she said to me and from what I observed and have described factually and honestly the journey we took together Recording my experience of her illness treatment and life in two nursing homes led me to question how we treat our elderly our shocking lack of effort to communicate with those with dementia and what constitutes identity self and the soul *Over Streams and Squirrel Woods* explores what can happen when reality becomes too painful and the disconnection between people when they see and hear differently from one another It is about boundless love frustration guilt and the inexorable inevitability of aging This is a valuable addition to the dementia literature rewriting our expectation of what those with dementia can think John Suchet *Health Professional and Patient Interaction E-Book* Amy M. League Baseball reached a crossroads in its history Facing a challenge from the Continental Baseball League the owners of the original 16 major league teams elected to admit new clubs This in depth look at that pivotal season the last played with

only the original 16 teams follows the New York Yankees and the Pittsburgh Pirates on their march to the 1960 World Series. The trials and triumphs of these two teams reflect the changes large and small that came to define the sport in the following decades: surnames on the backs of the uniforms, exploding scoreboards, the increasing impact of international players and, foremost of all, expansion. Marking the end of the Golden Age of baseball and the beginning of the ascendancy of professional football as the national pastime, this historic season witnessed the intersection of the past and future of American professional sports.

My Long Trip Home, Mark Whitaker, 2011-10-18. In a dramatic, moving work of historical reporting and personal discovery, Mark Whitaker, award-winning journalist, sets out to trace the story of what happened to his parents, a fascinating but star-crossed interracial couple, and arrives at a new understanding of the family dramas that shaped their lives and his own. His father, Syl Whitaker, was the charismatic grandson of slaves who grew up the child of black undertakers from Pittsburgh and went on to become a groundbreaking scholar of Africa. His mother, Jeanne Theis, was a shy World War II refugee from France whose father, a Huguenot pastor, helped hide thousands of Jews from the Nazis and Vichy police. They met in the mid-1950s when he was a college student and she was his professor, and they carried on a secret romance for more than a year before marrying and having two boys. Eventually, they split in a bitter divorce that was followed by decades of unhappiness as his mother coped with self-recrimination and depression while trying to raise her sons by herself, and his father spiraled into an alcoholic descent that destroyed his once-meteoritic career. Based on extensive interviews and documentary research, as well as his own personal recollections and insights, My Long Trip Home is a reporter's search for the factual and emotional truth about a complicated and compelling family, a successful adult's exploration of how he rose from a turbulent childhood to a groundbreaking career and, ultimately, a son's haunting meditation on the nature of love, loss, identity, and forgiveness.
