[On the Gorham Case.] Reprinted from the Guardian ... with an Appendix** Saint Martin's Hall (LONDON), 1850 Postcolonial Nations, Islands, and Tourism Helen Kapstein, 2017-07-11 *Postcolonial Nations Islands and Tourism* examines how real and literary islands have helped to shape the idea of the nation in a postcolonial world Through an analysis of a variety of texts ranging from literature to prison correspondence to tourist questionnaires it exposes the ways in which nationalism relies on fictions of insularity and intactness which the island and island tourism appear to provide The island space seems to offer the ideal replica of the nation and tourist practices promise the liberation of leisure the gaze and mobility However the very reliance on the constantly shifting and eroding island form exposes an anxiety about boundaries and limits on the part of the postcolonial nation In appropriating island tourism the new nation tends to recapitulate the failures and crises of the colonial nation before it Starting with the first literary tourist Robinson Crusoe *Postcolonial Nations Islands and Tourism* goes on to show how authors such as JM Coetzee Romesh Gunesekera and Julian Barnes have explored the outlines and implications of islandness It argues that each text expresses a profound discomfort with national form by undoing the form of the island through a variety of narrative strategies and rhetorical manoeuvres By throwing the category of the island into crisis these

texts let uncertainties about the postcolonial nation and its violent practices emerge as doubt in the narratives themselves Finally in its selection of texts that shuttle between South Africa Great Britain and Sri Lanka equalizing the former colonial metropole and its outposts it offers an alternative disciplinary mapping of current postcolonial writing *Modernizing England's Past* Michael Bentley, 2006-01-12 What came before postmodernism in historical studies By thinking through the assumptions methods and cast of mind of English historians writing between about 1870 and 1970 this book reveals the intellectual world of the modernists and offers a full analysis of English historiography in this crucial period Modernist historiography set itself the objective of going beyond the colourful narratives of whigs and popularizers in order to establish history as the queen of the humanities and as a rival to the sciences as a vehicle of knowledge Professor Bentley does not follow those who deride modernism as positivist or empiricist but instead shows how it set in train brilliant new styles of investigation that transformed how historians understood the English past But he shows how these strengths were eventually outweighed by inherent confusions and misapprehensions that threatened to kill the very subject that the modernists had intended to sustain **England's Fury** Alfred Read, 2025-09-17 Based on true events England's Fury is the second book in a trilogy depicting the rise of the historically existing English hero Edmund Ironside 1013 AD King Ethelred has fled England abandoning his country to the cruelty of the Danish usurper Svienn Forkbeard and his malevolent son Cnut Seeking refuge in Normandy Ethelred hopes to secure a life free from danger one where he'll be able to take care of his family and avoid the intrigue and double dealing that had blighted his reign back home Yet not every Englishman is happy to just leave their nation to the Danes A son of Ethelred now known by his fearsome name Edmund Ironside has refused to flee and is raising an army Aided by the heroic Ealdorman Ulfcytel of Eastengle Edmund hopes to rally what's left of his people and lead them in a furious campaign to win his father's throne and drive the foreign hordes into the sea But the Danes are not the only enemy the young Edmund has to contend with and even as he meets them in battle other forces are coming into play ones that seek to control his fate and place England under a crushing yoke for centuries to come *The New Old* Julia Huber, Paul Skidmore, 2003 Baby Boomers can rewrite the political agenda on public spending quality of life or even conflict between the generations cover Congressional Record United States. England's Aegis, Or, The Military Energies of the Constitution John Cartwright, 1806

The English Presbyterian Messenger, 1847 **Gas World**, 1906 Europe and Its Others Paul Gifford, Tessa Hauswedell, 2010 The essays represent a selection of papers delivered at an international conference held under the title *Europe and its Others Interperceptions Past Present Future* at St Andrews University in June 2007 under the aegis of the Institute for European Cultural Identity Studies Introd *Politics and Drama* Onder Cakirtas, 2019-01-03 By comparing the literary works of two of the greatest playwrights of our time onder Cakirtas reveals the similarities and contrasts between their political views and the political backdrop of their respective nations In Britain George Bernard Shaw the leading British dramatist for the first half of the twentieth century wrote his plays to explicitly reflect his socialist political and economic views and highlight the need for equal rights for women In Turkey decades later Orhan Asena confronted similar issues with plays that challenged the dominant political powers of his time a stance which ultimately led to his political exile from Turkey

'England's darling' Joanne Parker, 2017-10-03 During the last two decades numerous studies have been devoted to the Victorian fascination with King Arthur however the figure of King Alfred has received almost no attention For much of the nineteenth century Alfred was as important as Arthur in the British popular imagination A pervasive cult of the king developed which included the erection of at least four public statues the completion of more than twenty five paintings and the publication of over a hundred texts by authors ranging from Wordsworth to minor women writers By 1852 J A Froude could describe Alfred's life as the favourite story in English nurseries in 1901 a national holiday marked the thousandth anniversary of his death organised by a committee including Edward Burne Jones Arthur Conan Doyle and Thomas Hughes

England's darling sets out to answer the questions that must arise in the face of such nineteenth century enthusiasm for a long dead king. It addresses a genuine gap in the literature on Victorian medievalism in particular and cultural history in general and argues that knowledge of the cult of Alfred is crucial to understanding the Victorian cultural map. The book examines the ways in which Alfred was rewritten by nineteenth century authors and artists and asks how beliefs about the Saxon king's reign and achievements related to nineteenth century ideals about leadership, law, religion, commerce, education and the Empire. The book concludes by addressing the most interesting enigma in Alfred's reception history: why is the king no longer England's darling? A fascinating study that will be enjoyed by scholars of history, cultural history, literature and art history. **Alliance News**, 1902
