Look Who's Talking Harnisha Singh, 2021-05-31 *Look who s talking* is written from the heart it s deep yet so simple It uplifts inspires informs and leaves you asking for more It is easy to read and highly descriptive Ostensibly an autobiographic parable this story has a message for readers of all ages about kindness compassion love and companionship A to and fro eloquent rendition between the author and a diva like rescued dwarf dog makes this book an entertaining and enthralling bouquet of repartee wit humor and emotions Without giving away the essence of the story yet disclosing just enough let s just say the magic is in how it unfolds *Look who s talking* is the metaphorical small package that all good things come in Short sweet poignant and heartwarming this book is sure to bring a smile on your face and make a home in your heart *Look Who's Talking* Michael A. Tueller, 2008 *Look Who s Talking* examines the methods by which the ancient reader identified the speaker and addressee of epigram and how these methods were manipulated by hellenistic epigrammatists Conventions in place from epigram s inscribed heritage were used at first to maintain the conceit of inscription but later formed the basis for mixing of epigrammatic subgenres or even in the case of Asclepiades the creation of erotic epigram Among the most significant hellenistic innovations are the development of a passerby motif and the evolution of epigram s tendency to address its inherent writtenness The book also traces the development of the ancient habit of equating an artistic image with the thing or being it represented Nossis later joined by Theocritus and Callimachus developed a stance from which they could critique this subtle equation This book thinks of hellenistic epigram the way its authors did from the background of inscription and consequently discovers many of the places where hellenistic epigrammatists hoped to make their mark
