Anglo-Norman Studies XXX C. P. Lewis, 2008 The latest collection of articles on Anglo Norman topics with a particular focus on Wales The 2007 conference on Anglo Norman Studies the thirtieth in the annual series was held in Wales and there is a Welsh flavour to the proceedings now published Five of the thirteen papers cover Welsh topics in the long twelfth century Church reform political culture the supposed resurgence of Powys as a political entity and interpreter families in the Marches besides a broad and compelling historiographical survey of the place of the Normans in Welsh history Twelfth century England is represented by papers on chivalry and kingship in literature and life the Evesham surveys lay charters and Henry of Blois and the arts Essays which focus on the southern Italian city of Trani and on the crusader history of Ralph of Caen explore wider Norman identities Finally there are two broad surveys contextualizing the Anglo Norman experience on the careers of the clergy and on how warriors were identified before heraldry

CONTRIBUTORS HUW PRYCE LAURA ASHE JULIA BARROW HOWARD B CLARKE JOHN REUBEN DAVIES JUDITH EVERARD NATASHA HODGSON CHARLES INSLEY ROBERT JONES PAUL OLDFIELD DAVID STEPHENSON FREDERICK SUPPE JEFFREY WEST **Family Names and Family History** David Hey, 2006-06-15 Family names are an essential part of everyone's personal history The story of their evolution is integral to family history and fascinating in its own right Formed from first names place names nicknames and occupations names allow us to trace the movements of our ancestors from the middle ages to the present day David Hey shows how when and where families first got their names and proves that most families stayed close to their places of origin Settlement patterns and family groupings can be traced back towards their origin by using national and local records Family Names and Family History tells anyone interested in tracing their own name how to set about doing so **A History of Germany, from the Earliest Times** Charlton Thomas Lewis, 1879

"The" History of Wales, from the Earliest Times, to Its Final Incorporation with Kingdom of England Bernard Bolingbroke Woodward, 1852 **The New Cambridge Medieval History: Volume 5, C.1198-c.1300** Rosamond McKitterick, David Abulafia, 1995 Sample Text *Church and City, 1000-1500* David Abulafia, Michael J. Franklin, Miri Rubin, 2002-07-18 This volume of essays is intended as a tribute to the distinguished medieval historian Christopher Brooke It addresses new questions in areas of medieval history which Professor Brooke has made his own urban life and religious life The fourteen essays explore the coexistence of religious ideas and ecclesiastical institutions with urban practices and townspeople They span five hundred years of the history of western Christendom ranging from Magdeburg to Majorca and from Cambridge to Cluny The essays break new ground in a number of areas in medieval history in economic history the

history of ideas and the history of religious institutions The contributors have been attuned throughout to the complex interactions of groups and ideas within urban space The book also contains a bibliography of Christopher Brooke's writings and an appreciation of his work

The British Heroic Age Flint F. Johnson, 2017-01-26 Drawing on historical documents legends archeology and literature this history describes the disintegration of Roman Britain that reached a climax in the decades after the Britons overthrew Constantine's government and were refused Roman rule Beginning with the weakening of Roman Britain the author chronicles the breakdown of the empire's social political and economic order and the re emergence of British political economic and social structure as well as a parallel development among the Germanic invaders The roles of religion disease the military the Irish and the Picts during the 4th through 7th centuries are examined This study synthesizes advances in post Roman studies since Leslie Alcock's 1971 classic *Arthur's Britain*

History and Identity in Early Medieval Wales Rebecca Thomas, 2022 Crucial texts from ninth and tenth century Wales analysed to show their key role in identify formation WINNER OF THE FRANCIS JONES PRIZE 2022 Early medieval writers viewed the world as divided into gentes peoples These were groups that could be differentiated from each other according to certain characteristics by the language they spoke or the territory they inhabited for example The same writers played a key role in deciding which characteristics were important and using these to construct ethnic identities This book explores this process of identity construction in texts from early medieval Wales focusing primarily on the early ninth century Latin history of the Britons *Historia Brittonum* the biography of Alfred the Great composed by the Welsh scholar Asser in 893 and the tenth century vernacular poem *Armes Prydein Vawr* The Great Prophecy of Britain It examines how these writers set about distinguishing between the Welsh and the other gentes inhabiting the island of Britain through the use of names attention to linguistic difference and the writing of history and origin legends Crucially important was the identity of the Welsh as Britons the rightful inhabitants of the entirety of Britain its significance and durability are investigated alongside its interaction with the emergence of an identity focused on the geographical unit of Wales

Writing a Small Nation's Past Neil Evans, 2016-02-17 This is the first volume to examine how the history of Wales was written in a period that saw the emergence of professional historiography largely focused on the nation across Europe and in the United States It thus sets Wales in the context of recent work on

national history writing in the nineteenth and twentieth centuries and more particularly offers a Welsh perspective on the ways in which history was written in small mainly stateless nations The comparative dimension is fundamental to the volume s aim highlighting what was distinctive about Welsh historical writing and showing how the Welsh experience mirrors and illuminates broader historiographical developments The book begins with an introduction that uses the concept of historical culture as a way of exploring the different strands of historiography covered in the collection providing orientation to the chapters that follow These are divided into four sections Contexts and Backgrounds Amateurs and Popularizers Creating Academic Disciplines and Comparative Perspectives All these themes are then drawn together in the conclusion to examine how far Welsh historians exemplify widespread trends in the writing of national history and thereby point up common themes that emerge from the volume and clarify its broader significance for students of historiography **Henry II** John D. Hosler,2007 Intended as a military biography this book studies the scope of Henry Plantagenet s warfare during his tenure as count of Anjou duke of Normandy and king of England Relying heavily upon medieval documents it analyzes his generalship and reexamines his place amongst the important military commanders in English history **Whitaker's Cumulative Book List** ,1983
