Emigrant Dreams, Immigrant Borders Raquel Vega-Durán,2016-09-30 *Emigrant Dreams Immigrant Borders* Migrants Transnational Encounters and Identity in Spain offers a new approach to the cultural history of contemporary Spain examining the ways in which Spain's own self conceptions are changing and multiplying in response to migrants from Latin America and Africa In the last twenty five years Spain has gone from being a country of net emigration to one in which immigrants make up nearly 12 percent of the population This rapid growth has made migrants increasingly visible in both mass media and in Spanish visual and literary culture This book examines the origins of media discourses on immigration and takes the analysis of contemporary Spanish culture as its primary framework while also drawing insights from sociology and history *Emigrant Dreams Immigrant Borders* introduces readers to a wide range of recent films journals novels photography paintings and music to reconsider contemporary Spain through its varied encounters with migrants It follows the stages of the migrant's own journey beginning outside Spanish territory continuing across the border either at the barbed wire fences of Ceuta and Melilla or the waters of the Atlantic or the Strait of Gibraltar and then considers what happens to migrants after they arrive and settle in Spain Each chapter analyzes one of these stages in order to illustrate the complexity of contemporary Spanish identity This examination of Spanish culture shows how Spain is evolving into a new space of imagination one that can no longer be defined without the migrant a space in which there is no unified identity but rather a new self understanding is being born Vega Durán both places Spain in a larger European context and draws attention to some of the features that from a comparative perspective make the Spanish case interesting and often unique She argues that Spain cannot be understood today outside the Transatlantic and Mediterranean spaces both real and imaginary where Spaniards and migrants meet *Emigrant Dreams Immigrant Borders* offers a timely study of present day Spain and makes an original contribution to the vibrant debates about multiculturalism and nation formation that are taking

El columnismo de escritores españoles (1975-2005) Alexis Grohmann, Maarten Steenmeijer, 2008-01-01 Con el reinicio de la democracia en 1975 la creciente cantidad de columnas de periódico y de columnistas en España atestiguan un florecimiento que desemboca en el auge extraordinario del género en los años noventa especialmente el de la columna cultivada por escritores Así la columna se va perfilando como una nueva modalidad de escritura aunque eso sí con

ilustres antecesores en el siglo XIX y las primeras décadas del siglo XX y se erige en un género con una estrecha afinidad con la obra literaria propiamente dicha de muchos escritores. El presente libro es el primero en dedicarse exclusivamente al estudio de este género da una muestra de la variedad existente del columnismo de escritores contemporáneos y su significativa relación con la obra narrativa de sendos autores: Juan Bonilla, Javier Cercas, Javier Marías, Eduardo Mendoza, Juan José Millás, Rosa Montero, Antonio Muñoz Molina, Justo Navarro, Arturo Pérez Reverte, Rosa Regás, Manuel Vázquez Montalbán y Enrique Vila Matas son los autores estudiados, una selección que no pretende ser exhaustiva sino mostrar la diversidad existente del género. Son escritores que como demuestran los ensayos cultivan un columnismo que a menudo trasciende lo meramente particular y que como toda buena literatura está dotada de una notable universalidad. *Historia del Egipto faraónico* Josep

Padró, 2014-03-18. Fruto de la doble experiencia del autor como docente y como egiptólogo, esta obra constituye una guía clara y accesible para el estudio del Egipto faraónico donde además del dato objetivo podemos encontrar una solvente interpretación histórica del mismo. Completan la obra la lista de los reyes de Egipto, un imprescindible glosario de los términos más utilizados, una decena de mapas y una bibliografía por temas que el autor ha puesto al día para la presente edición. **La Mujer en**

tiempos de los faraones Christiane Desroches Noblecourt, 1999-05-02. El papel de la mujer en el antiguo Egipto fue mucho más relevante a nivel social que el de otras mujeres del mundo antiguo. La mujer al igual que el hombre tiene derecho a estudiar, heredar, testar y legar. Asimismo, en el seno de la pareja las decisiones eran tomadas por ambos conyuges. Este estudio plagado de anécdotas y leyendas rastrea la vida de la mujer egipcia en todos los ámbitos: desde el mundo divino que impregnaba toda la vida cotidiana y donde las divinidades femeninas eran muy importantes, el papel de la reina y las esposas reales en el mundo político, el hogar, la educación, los hijos, el matrimonio, la higiene, el concepto de belleza, etc. **El Mundo**

y la Vida Desconocida de Los Faraones Eric Garnier, André Tureau, 2012-07-23. Eric Garnier, historiador y autor de *Los misterios de las pirámides* junto con Giani Cantu, *El Santo Grial* con Xavier Coadic o *Cristóbal Colón* se une aquí con el especialista en Egipto, André Tureau, para presentar en este libro el resultado de sus investigaciones históricas. No se limitan a analizar la arquitectura, los distintos estratos de la sociedad egipcia, las clases nobles y el panteón. Abordan también los aspectos sociopolíticos y socioeconómicos sin olvidar los aspectos antropológicos o filológicos, así como todo lo relacionado con el arte, la cultura y por supuesto la religión. Nos aclaran y hacen más comprensibles los misterios o, mejor dicho, los todavía secretos de una de las mayores civilizaciones del mundo antiguo. **A Comparative History of Literatures in the Iberian**

Peninsula César Domínguez, Anxo Abuín González, Ellen Sapega, 2016-10-20. Volume 2 of *A Comparative History of Literatures in the Iberian Peninsula* brings to an end this collective work that aims at surveying the network of interliterary relations in the Iberian Peninsula. No attempt at such a comparative history of literatures in the Iberian Peninsula has been made until now. In this volume the focus is placed on images. Section 1: genres. Section 2: forms of mediation. Section 3: and cultural studies and literary repertoires. Section 4: To these four sections an epilogue is added in which specialists in

literatures in the Iberian Peninsula as well as in the sub disciplines of comparative history and comparative literary history search for links between Volumes 1 and 2 from the point of view of general contributions to the field of Iberian comparative studies and assess the entire project that now reaches completion with contributions from almost one hundred scholars
