## Losers Point Crime:

*The Third Branch*, 1993      **Cartographies of Danger** Mark Monmonier, 2008-04-15 No place is perfectly safe but some places are more dangerous than others Whether we live on a floodplain or in Tornado Alley near a nuclear facility or in a neighborhood poorly lit at night we all co exist uneasily with natural and man made hazards As Mark Monmonier shows in this entertaining and immensely informative book maps can tell us a lot about where we can anticipate certain hazards but they can also be dangerously misleading California for example takes earthquakes seriously with a comprehensive program of seismic mapping whereas Washington has been comparatively lax about earthquakes in Puget Sound But as the Northridge earthquake in January 1994 demonstrated all too clearly to Californians even reliable seismic hazard maps can deceive anyone who misinterprets known fault lines as the only places vulnerable to earthquakes Important as it is to predict and prepare for catastrophic natural hazards more subtle and persistent phenomena such as pollution and crime also pose serious dangers that we have to cope with on a daily basis Hazard zone maps highlight these more insidious hazards and raise awareness about them among planners local officials and the public With the help of many maps illustrating examples from all corners of the United States Monmonier demonstrates how hazard mapping reflects not just scientific understanding of hazards but also perceptions of risk and how risk can be reduced Whether you live on a faultline or a coastline near a toxic waste dump or an EMF generating power line you ignore this book's plain language advice on geographic hazards and how to avoid them at your own peril

*The Wealthy Loser* Joey Ter-Mitchell, Pat Bermel, 2023-06-14 my grandfather said his father had died during the war When he said it he suddenly got this look in his eyes Like he wanted something he could never get I sensed something painful inside of him Vulnerable and broken Instinctively I wanted to reach out to him But I had no concept of the depth of the ocean he was swimming in And so the moment passed And then he was smiling again Back on point For a long time after that I felt like a window had opened in that moment a window through which terrible secrets could be seen If only I had the courage to look and the wisdom to understand them Clues that could unlock a mystery that throbbed in our familial blood and infiltrated our dreams Joey Ter Mitchell spent his early years caught up in vicious cycles of bad influence including crime drugs abuse and psychological damage Unsurprisingly his life went on to become laden with addictions recovery and relapses as well as physical abuse toxic relationships car wrecks arrests jail probation and other painful realities including dying at least once He spent years riding a roller coaster of shame chaos and pain But thankfully this isn't where Joey's story ends In *The Wealthy Loser* Joey describes how he was spared from ultimate destruction by the grace of God and how he was led to uncover a family mystery at the core of the madness that ruled his life While searching for healing and answers Joey takes a journey into the past where he discovers secrets that he comes to understand were the catalysts for a multi generational tragedy Beautifully weaving two stories *The Wealthy Loser* is a poignant memoir about survival redemption healing and most of all love
