

## “The Lost Children Being Found”

An Inspirational Message for those who support  
[the Family Bible Preservation Project](#)

An interesting account, below, found on FamilySearch Memories . . . . an account of a “Lost Infant”  
we find accounts and stories like this again and again on the [Family Bible Preservation Project](#).

May each one of you know the importance of the work you do - - and  
the significance in the eternal perspective  
as we ensure one of God’s little children is remembered now and in the eternities . .

[Name withheld]

I found a baby this week. He’d been lost for 161 years. And it’s only because of the Forman Family Bible that I’m confident he belongs in our family.

You’ll recall that we learned from the family names listed in the bible that the “L” in Samuel L. Forman’s name stood for “Longstreet.” So I wasn’t immediately surprised to happen upon a death record for Samuel Longstreet Foreman. Until I read that he died at age 14 months in 1857. Ancestry.com only had the indexed details, but FamilySearch.org had an image of the actual document (shown above.) No parents are listed for this baby. The original SLF is named after his mother’s father (Samuel Longstreet.)

So who would be likely to name a child Samuel Longstreet Forman in 1856?  
Wouldn’t it be logical that the son of Samuel Longstreet Forman would give that name to his son, possibly his first-born son?

Samuel L. Forman had 2 sons: William Lake and Isaac E. In 1856, Isaac was only 15 years old, but William Lake had been married to Amanda Orilla McAllister since 1853. That date is fairly new since I only found their marriage date in a newspaper record in the past year or two.
