Lost Letters Lori Roberts, 2012-05 Ellie

Morgan's life isn't going exactly as she planned. She finds herself divorced and working as a teacher in the Midwest when word arrives that a distant relative has died and left her everything. Ellie travels to Tennessee to attend to the estate which includes a large plantation house that has been in the family since the early 1800s. Ellie feels drawn to the attic where she finds a stack of letters hidden in a hatbox. The letters appear to be from a Civil War soldier by the name of Rafe Collins. Rafe fought on the Confederate side; however, the letters are addressed to Ms. Hattie Townes, whose family stood behind the Union. Ellie can't help but read the one-sided exchange, wondering at the love shared between Rafe and Hattie despite the division of war. The more immersed Ellie gets, the more she suspects she isn't alone in the grand plantation house. A haunted spirit wanders the halls, and Ellie soon realizes it's the ghost of Rafe Collins. Distressed by his lost love, he lingers in the house looking for answers. Whatever became of Hattie? Why didn't she answer his letters? Ellie decides to try to solve Rafe's mystery, and in the process develops feelings for a local man. Perhaps Ellie's broken heart can be mended, and perhaps Rafe can finally find peace in the arms of his beloved.

Letters Unread Lucas Powell, 2025-03-03. Letters Unread explores the intriguing realm of historical correspondence that never reached its destination, examining how these lost, censored, or delayed missives profoundly shaped history. The book argues that the absence of these letters, often penned with the intent to spark revolution or declare love, represents pivotal moments where history teetered. Consider, for instance, how a delayed dispatch could alter battle plans or a suppressed letter could impact social movements. The book emphasizes that the failure of these communications illuminates the contingency of history, where seemingly minor disruptions could lead to significant changes. The book adopts a multidisciplinary approach, blending historical analysis, literary criticism, and communication studies to understand the impact of these unread communications. It delves into the postal systems of the past, the role of censorship, and social conventions surrounding historical correspondence to provide context. Letters Unread progresses through distinct historical periods and thematic areas, first introducing the concept of the unread letter and then exploring letters lost to circumstance, intentional suppression, and those discovered long after they were written, each section revealing the unforeseen consequences of disrupted communication. By examining historical events through the unique lens of failed communication, Letters Unread offers a fresh perspective. Rather than focusing solely on the content of famous letters, it analyzes the ramifications of their absence or delayed arrival. The book highlights the fragility of communication and the unforeseen consequences of its

disruption prompting a reconsideration of established narratives and providing valuable insights into the history of communication

Jumping Fro *The missing answers to [L. Housman's] An Englishwoman's love-letters* Laurence Housman,1901 *Paul and First-Century Letter Writing* E. Randolph Richards,2025-07-29 Traditional Christian art depicts Paul the letter writer pen in hand attentive to the Spirit We might think we know better and imagine him pacing in agitation as he rapidly dictates to a secretary his letter to the Galatians But in reality neither of these pictures is accurate In Paul s day producing a letter was a time consuming and costly business And we have ample resources from the ancient world to piece together what it must have been like A secretary was usually part of the picture But so were notes drafts corrections and careful rewrites not to speak of scratchy pens sooty ink and coarse papyrus Interestingly there is evidence that Paul involved his missionary team in the writing of letters And then came the delivery over land and sea the reading and circulation as well as the epistolary afterlife of copying collecting and storing E Randolph Richards has extensively studied ancient letter writing and secretaries Informed by the historical evidence and with a sharp eye for telltale clues in Paul s letters he takes us into this world and places us on the scene with Paul the letter writer What first appears to be just a study of secretaries and stationery turns out to be an intriguing glimpse of Paul the letter writer that overthrows our preconceptions and offers a new perspective on how this important portion of Christian Scripture came to be *Ireland, France, and the Atlantic in a Time of War* Thomas M. Truxes,2017-04-21 In March 1757 early in the Seven Years War a British privateer intercepted an Irish ship the Two Sisters of Dublin as it returned home from Bordeaux with a cargo of wine and French luxury goods Amongst the cargo seized were 125 letters from members of the Irish expatriate community which were to lay undisturbed in the British archives for the next 250 years Re discovered in 2011 by Dr Truxes this cache of mostly unopened letters provides a colorful intimate and revealing glimpse into the lives of ordinary people caught up in momentous events Taking this correspondence published by the British Academy in 2013 as a shared starting point the ten essays in this volume are not so much about the Bordeaux Dublin letters themselves but rather reflect upon themes perspectives and questions embedded within the mail of ordinary men women and children cut off from home by war The volume s introduction situates these essays within a broad Atlantic context allowing the succeeding chapters to explore a range of topics at the cutting edge of early modern British and Irish historical scholarship including women in the early modern world the consequences of war across all classes in society the eighteenth century penal laws and their impact and Irish expatriate communities on the European continent Leavening these broad themes with the personal snapshots of life provided by the Bordeaux Dublin letters this edited collection enlarges complicates and challenges our understanding of the mid eighteenth century Atlantic world **Sociology Through the Projector** Bulent Diken,Carsten Bagge Laustsen,2008-10 Sociology through the Projector takes issue with the question of how contemporary film can help answering the general abstract but still urgent question what is the social today This book explains the performative relation to contemporary social theory in which cinema functions as a tool for social diagnosis There is much to be learned about social theory through an encounter with films as films are part and parcel of the society

they portray Increasingly more lay knowledge about social problems and facts stems from cinema as it offers to large audiences a popular and pedagogical introduction to social knowledge Social theory cannot avoid a critical engagement with cinema as cinema interprets invents displaces and distorts the object of sociological inquiry This book will provide a deeper understanding of contemporary social theory as the chosen films will work as a pedagogical route into contemporary social theory The films represent a mix of European and American blockbusters and more aesthetically orientated films The authors question several dominant topics and concerns within social theory and film studies Firstly by cross examining a series of concepts such as identity representation memory and surveillance filming social behaviour which are of concern to both film theory and social theory Secondly by trying to develop imaginative approaches to standard social concerns such as exclusion gender roles and inequalities power infantilisation and commodification of the social and psychological bonds This book will be a great resource for students and researchers of Sociology Contemporary Social Theory Film Studies and Cultural Studies

Practical Bank Operation First National City Bank of New York, Loyd Helvetius Langston, 1921 **Cultural Exchange in Early Modern Europe** Robert Muchembled, Francisco Bethencourt, William Monter, 2006 A ground breaking reassessment of the status of information in early modern Europe first published in 2007 **Foundations of Coding**

Theory W.E. Hartnett, 2012-12-06 During the sixteenth century Cardano wrote a fascinating work called The Book on Games of Chance In it he gives an extremely candid recounting and personal appraisal of some aspects of his most remarkable life One feature of the book is striking for the modern scientist or mathematician accustomed to current publishing practices It is brought out during Cardano's discussion of his investigations of certain special questions of applied probability namely the question of how to win at gambling His technique is simplicity itself in fine reportorial style he reveals his proposed strategy for a particular gambling game giving marvelous motivating arguments which induce the reader to feel warm heartfelt support for the projected strategy Then with all the drama that only a ringside seat observation can bring Cardano announces that he tried the strategy at the casino and ended up borrowing his taxi fare Undaunted by failure he analyzes his now fire tested strategy in detail mounts new and persuasive arguments and ablaze with fresh optimism and replenished resources charges off to the fray determined to now succeed where he had so often failed before Along the way Cardano developed a number of valuable insights about games of chance and produced useful research results which presumably would be of interest in our present day society However he could never publish the results today in journals with all the flair the mistakes the failures and minor successes which he exhibits in his book Attitudes and Attitude Change Gerd

Bohner, Michaela Wänke, 2002 Providing the student with a comprehensive and accessible introduction to the basic issues in the psychological study of attitudes this book includes topics such as attitude formation and change functions of attitudes and attitude measurement **Athenian Settlements of the Fourth Century B.C.** Jack Cargill, 2018-07-17 This work surveys all available evidence on Athenian settlements and settlers of the fourth century B C calling several conventional

interpretations about them into question through a rigorous preference for evidence over speculation Three chapters trace a chronology of events relating to the settlements examine their personnel collectively statistically and individually and discuss evidence for their political economic and religious institutions Long appendixes establish improved texts of numerous inscriptions relevant to the topic and provide several kinds of data on more than 1000 definite probable or possible settlers
