Lost Universe:

The Lost Universe Gene Weltfish, 1977-01-01 A fascinating insight into the life and culture of the Pawnee people is achieved here by the author's presentation of carefully gathered information in the form of a narrative of one year in Pawnee village. The first few chapters lay the groundwork of kinship lines followed by a narration of the life of one person in the village. Customs, ceremonies, beliefs, and hard work become apparent as the author leads one through the intricacies of the activities. Although it presents a great deal of detailed anthropological material, the manner of presentation turns the book into a readable account. The book is based on years of first-hand study as well as scholarly research and is recommended as an in-depth study of Plains Indian life. Reprint Bulletin Book Reviews. Gene Weltfish is coauthor with Ruth Benedict of *The Races of Mankind*. She is also the author of *The Origins of Art* and other books.

The Universal Vampire Barbara Brodman, James E. Doan, 2013-03-08 Since the publication of John Polidori's *The Vampyre* 1819, the vampire has been a mainstay of Western culture, appearing consistently in literature, art, music, notably opera, film, television, graphic novels, and popular culture in general. Even before its entrance into the realm of arts and letters in the early nineteenth century, the vampire was a feared creature of Eastern European folklore and legend, rising from the grave at night to consume its living loved ones and neighbors, often converting them at the same time into fellow vampires. A major question exists within vampire scholarship: to what extent is this creature a product of European cultural forms, or is the vampire indeed a universal, perhaps even archetypal figure? In this collection of sixteen original essays, the contributors shed light on this question. One essay traces the origins of the legend to the early medieval Norse draugr, an undead creature who reflects the underpinnings of *Dracula*, the latter first appearing as a vampire in Anglo-Irish Bram Stoker's 1897 novel *Dracula*. In addition to these investigations of the Western mythic literary and historic traditions, other essays in this volume move outside Europe to explore vampire figures in Native American and Mesoamerican myth and ritual, as well as the existence of similar vampiric traditions in Japanese, Russian, and Latin American art, theatre, literature, film, and other cultural productions. The female vampire looms large, beginning with the Sumerian goddess Lilith, including the nineteenth-century Carmilla, and moving to vampiresses in twentieth-century film, literature, and television series. Scientific explanations for vampires and werewolves constitute another section of the book, including eighteenth-century accounts of unearthing decapitation and cremation of suspected vampires in Eastern Europe. The vampire's beauty, attainment of immortality, and eternal youth are all suggested as reasons for its continued success in contemporary popular culture.

Wishart, 1995-06-01 Of all the interactions between American Indians and Euro Americans none was as fundamental as the acquisition of the

indigenous peoples lands To Euro Americans this takeover of lands was seen as a natural right an evolution to a higher use to American Indians the loss of homelands was a tragedy involving also a loss of subsistence a loss of history and a loss of identity Historical geographer David J Wishart tells the story of the dispossession process as it affected the Nebraska Indians Otoe Missouria Ponca Omaha and Pawnee over the course of the nineteenth century Working from primary documents and including American Indian voices Wishart analyzes the spatial and ecological repercussions of dispossession Maps give the spatial context of dispossession showing how Indian societies were restricted to ever smaller territories where American policies of social control were applied with increasing intensity Graphs of population loss serve as reference lines for the narrative charting the declining standards of living over the century of dispossession Care is taken to support conclusions with empirical evidence including for example specific details of how much the Indians were paid for their lands The story is told in a language that is free from jargon and is accessible to a general audience Lost Thought Pearson Moore,Nikki Stafford,Erika Olson,Jo Garfein,Sarah Clarke Stuart,Jeffrey Frame,Jennifer Galicinski,Paul Wright,Delano Freeberg,Antonio Savorelli,Michelle Lang,Kevin McGinnis,Cory Milles,Sam McPherson,2012-06-06 LOST Thought is a lively collaboration between 22 leading experts in the online LOST world and the academic community Every contributor brings unrestrained passion to these 25 wide ranging and vital discussions of the personal cultural social and literary implications of the most fascinating multi faceted creation ever presented on television LOST is approached as living breathing text whose mythology themes and theses challenge our culture and our society at every level Scholars specializing in literary theory English literature film theory art history LOST studies theology pop culture music theory art religious studies and theater have come together to produce the most extensive analysis of LOST ever presented in a single volume These 22 experts discuss LOST from 25 different perspectives taking on issues ranging from the cultural impact of the series as a whole to the social implications of specific characters **Theory and Practice** Stanley Diamond,2011-07-20 No detailed description available for Theory and Practice **Monsters of Contact** Mark van de Logt,2018-06-21 A murderous whirlwind an evil child abducting witch woman a masked cannibal terrifying scalped men a mysterious man slaying flint creature the oral tradition of the Caddoan Indians is alive with monsters Whereas Western historical methods and interpretations relegate such beings to the realms of myth and fantasy Mark van de Logt argues in Monsters of Contact that creatures found in the stories of the Caddos Wichitas Pawnees and Arikaras actually embody specific historical events and the negative effects of European contact invasion war death disease enslavement starvation and colonialism Van de Logt examines specific sites of historical interaction between American Indians and Europeans from the outbreaks and effect of smallpox epidemics on the Arikaras to the violence and enslavement Caddos faced at the hands of Hernando de Soto s expedition and Wichita encounters with Spanish missionaries and French traders in Texas In each case he explains how through Indian metaphor seemingly unrelated stories of supernatural beings and occurrences translate into real people and events that figure prominently in

western U S history The result is a peeling away of layers of cultural values that for those invested in Western historical traditions otherwise obscure the meaning of such tales and their monsters Although Western historical methods have become the standard in much of the world van de Logt demonstrates that indigenous forms of history are no less valuable and that oral traditions and myths can be useful sources of historical information A daring interpretation of Caddoan lore Monsters of Contact puts oral traditions at the center of historical inquiry and in so doing asks us to reconsider what makes a monster

The Dust Rose Like Smoke James O. Gump, 2016 In 1876 Lakota and Cheyenne warriors annihilated Custer's Seventh Cavalry at Little Bighorn Three years later and half a world away a British force was wiped out by Zulu warriors at Isandhlwana in South Africa In both cases the total defeat of regular army troops by forces regarded as undisciplined barbarian tribesmen stunned an imperial nation Although the similarities between the two frontier encounters have long been noted James O Gump's book *The Dust Rose Like Smoke* is the first to scrutinize them in a comparative context This study issues a challenge to American exceptionalism he writes Viewing both episodes as part of a global pattern of intensified conflict in the latter 1800s resulting from Western domination over a vast portion of the globe Gump's comparative study persuasively traces the origins and aftermath of both episodes He examines the complicated ways in which Lakota and Zulu leadership sought to protect indigenous interests while Western leadership calculated their subjugation to imperial authority The second edition includes a new preface from the author revised and expanded chapters and an interview with Leonard Little Finger great great grandson of Ghost Dance leader Big Foot whose story connects Wounded Knee and Nelson Mandela

Captives and Cousins James F.
