Edinburgh Companion to the First World War and the Arts Ann-Marie Einhaus, 2017-05-24 A new exploration of literary and artistic responses to WW1 from 1914 to the present This authoritative reference work examines literary and artistic responses to the wars upheavals across a wide range of media and genres from poetry to pamphlets sculpture to television documentary and requiems to war reporting Rather than looking at particular forms of artistic expression in isolation and focusing only on the war and inter war period the 26 essays collected in this volume approach artistic responses to the war from a wide variety of angles and where appropriate pursue their inquiry into the present day In 6 sections covering Literature the Visual Arts Music Periodicals and Journalism Film and Broadcasting and Publishing and Material Culture a wide range of original chapters from experts across literature and the arts examine what means and approaches were employed to respond to the shock of war as well as asking such key questions as how and why literary and artistic responses to the war have changed over time and how far later works of art are responses not only to the war itself but to earlier cultural production Key Features Offers new insights into the breadth and depth of artistic responses to WWI Establishes links and parallels across a wide range of different media and genres Emphasises the development of responses in different fields from 1914 to the present Writing the Lost Generation Craig Monk, 2010-11 Members of the Lost Generation American writers and artists who lived in Paris during the 1920s continue to occupy an important place in

our literary history. Rebelling against increased commercialism and the ebb of cosmopolitan society in early twentieth century America, they rejected the culture of what Ernest Hemingway called a place of broad lawns and narrow minds. Much of what we know about these iconic literary figures comes from their own published letters and essays revealing how adroitly they developed their own reputations by controlling the reception of their work. Surprisingly, the literary world has paid less attention to their autobiographies. In *Writing the Lost Generation*, Craig Monk unlocks a series of neglected texts while reinvigorating our reading of more familiar ones. Well-known autobiographies by Malcolm Cowley, Ernest Hemingway, and Gertrude Stein are joined here by works from a variety of lesser-known but still important expatriate American writers, including Sylvia Beach, Alfred Kreymborg, Samuel Putnam, and Harold Stearns. By bringing together the self-reflective works of the Lost Generation and probing the ways the writers portrayed themselves, Monk provides an exciting and comprehensive overview of modernist expatriates from the United States.

Woody Allen made the glamour of Paris in the twenties magical in *Midnight In Paris*, but was that really the case? This anthology of Lost Generation writers shows you the work that made the movement. A short book on the history of the movement is also included in the work. Generations of Lucky Devils and Unlucky Dogs, Henk A. Becker, 2015-06-17

Silver grey manpower is a gold mine to society. One by one, the baby boom cohorts will reach the age of 65, starting from 2010. They are large cohorts, relatively well educated and healthy, with considerable pension and health care rights. In short, they are lucky devils. As a result of ageing cohorts that were born in 1985 onwards and that enter the labour market as from approximately 2010, will be required to pay many additional taxes during the course of their entire working life, spanning more than forty years. They are, in short, unlucky dogs. Redistribution of joys and burdens could trigger conflicts between generations. A better solution is to identify and deploy society's hidden resources. Taking this issue as a basis, the book in hand explores strategies that enable senior citizens and young people to give meaning to solidarity among generations. For a start, in 2012, as the European Year for Active Ageing, but also as part of Europe 2020, the European Commission's 2010-2020 strategy. With these two strategies, journalists and television producers will swing into action. In secondary and higher education, as well as in universities, more papers on life courses and patterns of generations will be written than ever before. Senior citizens' unions, but actually all social organizations, will organize lectures. Educated laymen will wish to go deeply into this issue.

Henk A. Becker, 1933, is Professor Emeritus of Sociology at Utrecht University in the Netherlands. He has worked on a research project focusing on generations since 1985.

Gatsby by Francis Scott Fitzgerald Death of a Hero by Richard Aldington Under Fire The Story of a Squad by Henri Barbusse After the First World War special people returned to their home towns from the front When the war began they were still boys but duty forced them to defend the homeland Lost Generation as they were called This concept is used today when we talk about writers who worked during the breaks between the First and Second World Wars which became a test for all of humanity and were almost all beaten out of their usual peaceful rut One of the themes that commonly appears in the authors works is decadence and the frivolous lifestyle of the wealthy Writers of the lost generation raise in their works the problem of young people who returned from the war and did not find their home their relatives Questions about how to live how to remain human how to learn to enjoy life again this is what is paramount in this literary movement Table of Contents 1 Ernest Hemingway A Farewell to Arms 2 Ernest Hemingway The Sun Also Rises 3 Francis Scott Fitzgerald The Great Gatsby 4 Richard Aldington Death of a Hero 5 Henri Barbusse Under Fire The Story of a Squad Investment Megatrends Bob Froehlich, 2006-01-24 PRAISE FOR INVESTMENT MEGATRENDS Bob speaks to our greater needs not just our greater financial interests It s what sets him apart He s about a lot more than money because with that fine mind beats an even finer heart Neil Cavuto Anchor Fox News Channel No one on Wall Street has done a better job of spotting investment trends than Dr Bob No one Lawrence Kudlow Host of CNBC s Kudlow Company In a no nonsense easy to understand style Investment Megatrends steps back from the day to day mania of the markets and explains how major shifts in our culture offer huge money making opportunities Dr Bob is tops at showing the big picture to the small investor Brenda Buttner Host Bulls Bears Fox News Channel The author s proceeds from this book are being donated to R I S E an international forum that promotes understanding of the global investment industry For more information on R I S E see inside The Face of Africa Stan Chu Ilo, 2006 This book is a call on Africans and non Africans to once more believe in the possibility of a better future for Africa In these pages Stan Chu Ilo writes of his experience and the experiences of many young Africans like himself who are disturbed by the present condition of Africa He writes about the challenges facing most Africans who are growing up in the African continent without any hope of quality education without any guarantee of adequate food water housing and clothing without any hope of getting a job and without any prospect of living in peace with their neighbors He writes of the sad situation of millions of young Africans who are dying of malaria and HIV AIDS and the African women whose fate and fortune have been shackled by a male dominated society He questions the bases of the existence of the failed states of Africa who are caught up in a cycle of violence and disorder and who are not asking the right questions about the future of their nations He argues that corruption excessive authoritarianism a stubborn hold on power and lack of openness to consensus building among some African leaders insult the cultural value of Africans with regard to a sense of community love and solidarity He also writes of the pain of globalization the debt burden immigration and trade restrictions on Africans and African countries exploitation of ordinary Africans by fellow Africans and Western governments and business conglomerates He wonders why many Western

nations should turn their backs on Africa when they all share some responsibility in bringing Africa to her knees. However, even though many Africans have become exhausted in the battle for national survival and for a living space to pursue their ordered ends, this book proposes that Africans should not claim perpetual victimhood; rather, they should stand up once more and work for a better tomorrow which is possible and within their reach. Ilo insists that the imposing mountains of economic and social ruin, the rising moans and groans of numberless Africans should not weaken the inner energy and ardent hopes of millions of Africans struggling against the untested assumption that the cracking social, political, and economic foundations of present-day Africa are incapable of supporting the structures of a new Africa. The face of Africa today is ugly, but behind the ugly face is the beauty that has been distorted by historical and cultural factors. The present condition of Africa is only the sign of the urgent need for the peoples of Africa to brace up for the long and hard journey to reclaim their future. Ilo outlines how non-Africans who are interested in the African condition can be involved with the peoples of Africa. A proper understanding of the African continent and her peoples, her history and cultural evolution is a necessary first step for those who wish to be engaged with the Africans. His total picture approach, model as the key to interpreting the African condition and in comprehensively addressing the challenges facing Africa, offers a helpful and original tool in understanding Africa. It helps to overcome the stereotypes, prejudices, and paternalism which non-Africans apply in their reading of African history and their relation with the African reality. With masterly skills, a keen sense of history, a balanced perspective, and objectivity, Ilo identifies the constraints to growth and innovation in Africa in terms of the low stocks in the human capital and cultural development. He introduces a new concept in the interpretation of the African condition: homelessness in terms of cultural and existential crises that confront Africans today. His conclusion is that cultural and human development is the irreducible decimal in any proposal for the transformation of the continent; that grassroots, village-based action should be preferred over bogus and unworkable national approaches to African development. *Values in Western Societies* Ruud de

Moor, 2023-12-28. The European Values Study is a large-scale cross-national and longitudinal survey research program on basic human values initiated by the European Value Systems Study Group (EVSSG) in the late 1970s at that time an informal grouping of academics. Now it is carried on in the setting of a foundation using the abbreviated name of the group: European Values Study (EVS). The EVSSG aimed at designing and conducting a major empirical study of the moral and social values underlying European social and political institutions and governing conduct. A rich academic literature has now been created around the original survey and numerous other works have made use of the findings. *American Fiction, American Myth* Philip Young, David Morrell, Sandra Spanier, 2010-11. Few experts in American literature have written as insightfully and brilliantly as did Philip Young, renowned Hemingway critic and scholar at large. His unique work bursts with a joy in the humanities with a sensibility, a humor, and a style that communicate to academics and general readers alike. Although Young died in 1991, he survives in his remarkable prose. *American Fiction, American Myth* features nineteen groundbreaking essays.

in which Young masterfully reveals the so what that he insisted all literary studies ought to have In the first section he demonstrates his fascination with such American myths as Pocahontas and Rip Van Winkle reaching powerful conclusions about America and its people In the second section he becomes Our Hemingway Man explaining his germinal and still provocative theory that Hemingway s severe wounding in World War I so traumatized the novelist that his fiction was to a great degree unwitting self psychoanalysis Young s book on Hemingway was the first of its kind but Young was more than a one author critic as his essays demonstrate in the third section exploring such diverse topics as Hawthorne s secret love the Lost Generation that was never lost F Scott Fitzgerald s debt to T S Eliot and the relationship between American fiction and American life What Hemingway once said about himself can be equally applied to Young I am a very serious but not a solemn writer The reader comes away from these essays dazzled by the power of Young s observations and the grace with which he expresses them **The New Normal and Its Impact on Society** Nurliana Kamaruddin,Aida Idris,Kevin

In the Footsteps of Spanish Colonialism in Morocco and Equatorial Guinea Yolanda Aixelà Cabré, 2018 The failure to manage cultural diversity in Morocco and Equatorial Guinea in an egalitarian manner has been linked to the hallmark of colonialism First because the policy practiced upon Arabs and Moroccan Imazighen since the French colonization comprised one of the reasonings employed to justify the pro Arab policies developed after independence Second because the discriminatory policy deployed by Spain in Equatorial Guinea was overridden by the installation of a dictatorship that established a system of Fang predominance This book clarifies the degree to which the Spanish colonization is responsible for the present day management of cultural diversity in both countries
