depending on the character of major historical periods and remains the same in many of its murderous dynamics He examines cases of genocide as distinct episodes of mass violence but also in historical connection with earlier episodes Unlike much of the literature in genocide studies Naimark argues that genocide can also involve the elimination of targeted social and political groups providing an insightful analysis of communist and anti communist genocide He pays special attention to settler sometimes colonial genocide as a subject of major concern illuminating how deeply the elimination of indigenous peoples especially in Africa South America and North America influenced recent historical developments At the same time the classic cases of genocide in the twentieth Century the Armenian Genocide the Holocaust Rwanda and Bosnia are discussed together with recent episodes in Darfur and Congo

the Soul, Second Edition Joel B. Green,2010-11-01 Why A Search for the Soul Many Christians assume that it is biblically

faithful and theologically noncontroversial to speak of humans having a soul Yet a wide range of biblical scholars are questioning whether we have correctly understood what the Bible means when it speaks of the soul And contemporary neuroscience is laying more and more questions at the doorstep of the church asking whether our human sense of self is intelligible on the basis of soul But for thoughtful Christians following science on this point looks like caving in to reductionism while denying science gives off the door of obscurantism In Search of the Soul provides a rare opportunity to listen in as four Christian philosophers set forth their best arguments for their distinct views and then respond to each other While each of these views calls for careful framing and patient exposition they are labeled as follows SUBSTANCE DUALISM Stewart Goetz EMERGENT DUALISM William Hasker NONREDUCTIVE PHYSICALISM Nancey Murphy CONSTITUTION VIEW OF PERSONS Kevin Corcoran The editor introduces the debate by laying out the critical issues at stake and wraps it up by considering the implications for the Christian life particularly hospitality and forgiveness This is a book of timely interest to philosophers theologians psychologists and pastors Whatever conclusions readers may draw they will find here an instructive and engaging discussion of a controversy that will not go away any time soon Modern Genocide Paul R. Bartrop, 2018-10-18 An indispensable resource for those interested in the scourge of mass murder and genocide in the 20th and 21st centuries this book analyzes modern and contemporary controversies and issues to help readers to understand genocide in all its complexity This vital reference work looks at current areas of debate in genocide studies to provide insights into what a genocide is why genocides occur and what the consequences are once a genocide is recognized as such It also illuminates how and why rational people can view the same set of circumstances as genocide or not and how it might be possible in the future to alleviate or even prevent genocide Dozens of accomplished scholars provide perceptive insights into the controversies and issues that dominate genocide discussions The book is organized into five parts The first considers how genocide is defined while the second covers the pre 1945 period as it includes such controversial topics as the American Indian Wars Australian Aborigines Irish Potato Famine Armenian Genocide Ukrainian Starvation and Holocaust A Cold War section examines genocidal violence in Cambodia East Timor and Guatemala and against the Kurds a post Cold War period section covers Bosnia Rwanda Darfur and the Rohingya in Myanmar The final part concerns such issues as genocide prevention humanitarian intervention and the role of military personnel as perpetrators of genocide The Danish Directors 2 Mette Hjort, Eva Jørholt, Eva Novrup Redvall, 2010-08-15 Over the last two decades or so the New Danish Cinema has established itself as an important source of cinematic renewal and innovation and as a model for how small minor or peripheral cinemas can survive in an industry dominated by Global Hollywood Following in the footsteps of critically acclaimed The Danish Directors also published by Intellect The Danish Directors 2 provides a practitioner s perspective on the social cultural and economic milieus in which Danish film makers have been able to develop their practice and to thrive With insider information about the making marketing and distribution of award winning films and interviews with seminal

directors such as Anders Thomas Jensen Annette K Olesen and Lone Scherfig The Danish Directors 2 allows readers entry into what might seem to be a forbidding body of work The editors are knowledgeable and sensitive interrogators and their appreciation of the specific qualities of each director s work elicits thoughtful replies This volume will appeal to students scholars and cinephiles alike
