This volume does just **Love, Hate and Everything in Between** Mamiko Murakami,1997 Japanese Sentence Patterns for Effective Communication 山口美子,2005-09-27 Japanese Sentence Patterns for Effective Communication presents 142 essential sentence patterns for everyday conversation, all that is needed to get by in most uncomplicated social situations. These patterns represent the basic building blocks of sophisticated speech and are mastered by all intermediate students. Each is given first in the form of a full-length English sentence so that one can quickly understand its meaning and intent; then is followed by a Japanese translation, a short precise explanation, several example sentences, and a practice section that allows one to test one's comprehension. By familiarizing oneself with these patterns and practicing them out loud and inventing new sentences with them, one will quickly gain the skills necessary to effectively communicate one's thoughts in Japanese. With page after page of sentence pattern practice and straightforward explanations of grammar, this book is ideal for ambitious beginning-level students who wish to up their oral proficiency quickly. Love is powerful, enduring, and magical in any language. Units of the figurative lexicon, conventional figurative units (CFUs), for short, differ from all other elements of the language in two points. Firstly, they are conventionalized. That is, they are elements of the mental lexicon in contrast to freely created figurative expressions. Secondly, they consist of two conceptual levels: they can be interpreted at the level of their literal reading and at the level of their figurative meaning, which both can be activated simultaneously. New insights into the Theory of Figurative Lexicon relate, on the one hand, to the metaphor theory. Over time, it became increasingly clear that the Conceptual Metaphor Theory, in the sense of Lakoff, can only partly explain the conventional figurativeness. On the other hand, it became clear that intertextuality plays a far greater role in the CFUs of
