on paper so that you don't bring your crazy onto the job out in cyberspace or on your ex's front lawn. Let me be clear here: Reading this book does not mean that you won't miss your ex, have occasional crying spells or that you won't feel sad and lonely sometimes. You will. Not only that, you will still go through the gamut of emotions that come with the end of a relationship. The difference is you will go through with a survival guide that will help you get to the other side. Here's the other piece: even if you feel a little sad initially, what will happen over time is day by day you will start to feel better. What's more, you will fast forward the healing process. You will also come to realize that you have the strength to move on and become hopeful about your future.
