Manitoba Flood Of 1950 An Illustrated History:

The Manitoba Flood of 1950 J. M. Bumsted, 1993-01-01 *Manitoba Premiers of 19th and 20th Centuries* Barry Ferguson, Robert Alexander Wardhaugh, 2010 Annotation The province's history of religious linguistic ethnic and class conflict which has often drawn the entire country into its battles is revealed in the biographies of the Premiers

The University of Manitoba J.M. Bumsted, 2001-11-15 Established in 1877 just seven years after the founding of the province itself the University of Manitoba has grown to become an international centre of research and study It is the birthplace of discoveries such as the cure for Rh disease of newborns and the development of Canola and its alumni include Marshal McLuhan Margaret Laurence Monty Hall Israel Asper and Ovide Mercredi Historian J M Bumsted looks at how the university was forged out of the assembly of several small denominational colleges and how it survived and even thrived during challenges such as the 1932 defalcation and the 1950 Manitoba flood He gives special attention to student life at the university tracing the changes from Freshie initiations in the 1920s and student musicals in the 1950s to the activism of the 1960s and 1970s The University of Manitoba An Illustrated History is an entertaining and lively social history of an institution whose development has reflected the changes of society at large

Harm's Way Anthony W. Rasporich, Maxwell Foran, 2004 The stories told in this collection though tragic for many illustrate the steadfast determination and courage of people in the face of misfortune and extreme distress From the lesser known weed outbreaks and tornadoes to the world wide influenza outbreak in 1918 that devastated many Calgary families these stories focus on the human side of these disasters It may be a heroic individual or the collective response of a community but what is truly remarkable in these stories is the human response to the world being turned upside down by famine and disease by flood fire or rock slide by wind and cold by dynamite or gas explosions or even by the seemingly mundane threat of weeds upon crops It is the resolution to continue to fight and the persistence of the human spirit and its adaptability to challenges that is the true story of a century of development in western Canada
