Mexican Contemporary:

Mexican Contemporary Herbert J. M. Ypma, 1997 Modern Mexico is a fantastically fertile breeding ground for contemporary architecture and design The nation is an exotic sensual mix of cultural influences The mysterious monolith architecture of **Contemporary Mexican Painting in a Time of Change** Shifra M. Goldman, 1995 United by their belief in the importance of the human image in art they distanced themselves both from the social realism of their predecessors and from the pure abstraction of many of their contemporaries Shifra Goldman begins with a brief examination of the era and issues of muralism and the art of Rufino Tamayo She then focuses on the confrontation between socially conscious art and pure painting that began in the late 1950s and resulted in the formation of Nueva Presencia Contemporary Mexican Politics Emily Edmonds-Poli, David A. Shirk, 2015-07-23 Now in a thoroughly updated edition this comprehensive and engaging text explores contemporary Mexico's political development and examines the most important policy issues facing Mexico in the twenty first century **A Guide to Mexican Art** Justino Fernández, 1969-08-15 A Guide to Mexican Art a survey of more than twenty centuries of art has a double purpose It provides an ample version of one of the great national arts by a leading art historian and it serves simultaneously as a practical guide to the art's outstanding masterpieces The Guide will thus be of value to specialists and students of Latin American art and to sightseers as an introduction and guide to the art and architecture of Mexico To facilitate its use for the latter purpose Professor Fernández has based his exposition on the sensitive analysis of works to be found almost exclusively in museums and public buildings accessible to the tourist The book was originally published in Spanish in 1958 and revised in 1961 This English translation from the second edition has been brought up to date by the author and translator **Contemporary Art and Community Altruism in Oaxaca** Neil Pyatt, 2019-01-29 This book relates the longitudinal participant observation and analysis of the behaviour of the Oaxacan art community focusing on the cultural production interaction and collective action of its members as an integrated sector of civil society It presents a theoretical framework that succinctly defines and discusses postmodernism as a globalising force in the development and use of creative expression the media and communications technology in a postcolonial context The theoretical investigation is supported by ethnography that ascertains how hybrid political thought and community altruism characterise the behaviour and the aesthetic expression practised by a new generation of Oaxacan artists Their collective action towards a pacifistic solution to the Oaxaca Conflict of 2006 a six month socio political uprising caused by actual and historic conditions in the national regional and universal Left Right political duel is detailed The transdisciplinary approach makes the work very relevant for researchers educators and students of social anthropology visual communication and media studies in addition to those interested in Oaxacan Mexican and Latin American art and culture **Modern Language Studies: New-Mexican Spanish, [1906]** Elijah Clarence Hills, 1906 *Contemporary Mexican Artists* Agustín Velázquez Chávez, 1937 *Modern Mexican History* Herbert Ingram Priestley, 1920 **Contemporary Architects** Muriel
