Mexicos Fortress Monasteries:

Mexico's Fortress Monasteries Richard D. Perry,1992 *The Medieval Heritage of Mexico* Luis Weckmann,1992 This book examines the medieval legacy that influences life in Spanish speaking North America to the present day Focusing on the period from 1517 the expedition of Hernandez de Cordoba to the middle of the seventeenth century Weckmann describes how explorers administrators judges and clergy introduced to the New World a culture that was essentially medieval That the transplanted culture differentiated itself from that of Spain is due to the resistance of the indigenous cultures of Mexico

Ancient Origins of the Mexican Plaza Logan Wagner, Hal Box, Susan Kline Morehead, 2013-01-16 Extensively illustrated with detailed site plans and photographs this architectural history of the Mexican plaza reveals why this central public space has been the heart of the community from ancient Mesoamerican times until the present **The Spiritual Conquest of Mexico** Robert Ricard, 1974 Military Ethos and Visual Culture in Post-Conquest Mexico Mª Domínguez Torres, 2017-07-05 Bringing to bear her extensive knowledge of the cultures of Renaissance Europe and sixteenth century Mexico Mª Domínguez Torres here investigates the significance of military images and symbols in post Conquest Mexico She shows how the conquest in fact involved dynamic exchanges between cultures and that certain interconnections between martial social and religious elements resonated with similar intensity among Mesoamericans and Europeans creating indeed cultural bridges between these diverse communities Multidisciplinary in approach this study builds on scholarship in the fields of visual literary and cultural studies to analyse the European and Mesoamerican content of the martial imagery fostered within the indigenous settlements of central Mexico as well as the ways in which local communities and leaders appropriated manipulated modified and reinterpreted foreign visual codes Military Ethos and Visual Culture in Post Conquest Mexico draws on post structuralist and post colonial approaches to analyse the complex dynamics of identity formation in colonial communities **Early Churches of Mexico** Beverley Spears, 2017-11-01 Following the Spanish conquest of Mexico in the early 1500s Franciscan Dominican and Augustinian friars fanned out across the central and southern areas of the country founding hundreds of mission churches and monasteries to evangelize the Native population This book documents more than 120 of these remarkable sixteenth century sites in duotone black and white photographs Virtually unknown outside Mexico these complexes unite architecture landscape mural painting and sculpture on a grand scale in some ways rivaling the archaeological sites of the Maya and Aztecs They represent a fascinating period in history when two distinct cultures began interweaving to form the fabric of modern Mexico Many were founded on the sites of ancient temples and reused their masonry and they were ornamented with architectural murals and sculptures that owe much to the existing Native tradition almost all the construction was done by indigenous artisans With these photos Spears celebrates this unique architectural and cultural heritage to help ensure its protection and survival **Castles of God** Peter Harrison, 2004 Throughout history great faiths have been subjected to persecution and attack from beyond the wall literally walls in Peter

Harrison's remarkable book of the great monastery fortresses and church fortresses of the world **The Casa del Deán**
Penny C. Morrill, 2023-09-15 The Casa del Deán in Puebla Mexico is one of few surviving sixteenth century residences in the Americas Built in 1580 by Tomás de la Plaza the Dean of the Cathedral the house was decorated with at least three magnificent murals two of which survive Their rediscovery in the 1950s and restoration in 2010 revealed works of art that rival European masterpieces of the early Renaissance while incorporating indigenous elements that identify them with Amerindian visual traditions Extensively illustrated with new color photographs of the murals The Casa del Deán presents a thorough iconographic analysis of the paintings and an enlightening discussion of the relationship between Tomás de la Plaza and the indigenous artists whom he commissioned Penny Morrill skillfully traces how native painters trained by the Franciscans used images from Classical mythology found in Flemish and Italian prints and illustrated books from France as well as animal images and glyphic traditions with pre Columbian origins to create murals that are reflective of Don Tomás's erudition and his role in evangelizing among the Amerindians She demonstrates how the importance given to rhetoric by both the Spaniards and the Nahuas became a bridge of communication between these two distinct and highly evolved cultures This pioneering study of the Casa del Deán mural cycle adds an important new chapter to the study of colonial Latin American art as it increases our understanding of the process by which imagery in the New World took on Christian meaning

styles across Oaxaca Guanajuato Puebla and Mexico City This comprehensive study offers an invaluable framework for understanding how pre Hispanic and Spanish influences coalesced to create a unique visual language Detailed analyses of architectural techniques including the union of ornamental sculpture and architectural surfaces reveal how native materials and regional styles defined Mexico s architectural landscape The Churches of Mexico is essential for students of colonial art architectural history and Latin American studies illuminating how religious architecture in colonial Mexico not only reflected but also transformed the artistic sensibilities inherited from both indigenous and European traditions The volume divides the development of viceregal art into three key periods providing clear historical context and examining the dynamic architectural expressions that arose throughout these transformative eras This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1962
