Appeasement Tim Bouverie,2020-06-02 A NEW YORK TIMES EDITORS CHOICE SUNDAY TIMES UK BESTSELLER A gripping history of the British appeasement of Hitler on the eve of World War II An eye opening narrative that makes for exciting but at times uncomfortable reading as one reflects on possible lessons for the present Antonia Fraser author of Mary Queen of Scots On a wet afternoon in September 1938 Prime Minister Neville Chamberlain stepped off an airplane and announced that his visit to Hitler had averted the greatest crisis in recent memory It was he later assured the crowd in Downing Street peace for our time Less than a year later Germany invaded Poland and the Second World War began Appeasement is a groundbreaking history of the disastrous years of indecision failed diplomacy and parliamentary infighting that enabled Hitler s domination of Europe Drawing on deep archival research and sources not previously seen by historians Tim Bouverie has created an unforgettable portrait of the ministers aristocrats and amateur diplomats who through their actions and inaction shaped their country s policy and determined the fate of Europe Beginning with the advent of Hitler in 1933 we embark on a fascinating journey from the early days of the Third Reich to the beaches of Dunkirk Bouverie takes us not only into the backrooms of Parliament and 10 Downing Street but also into the drawing rooms and dining clubs of fading imperial Britain where Hitler enjoyed surprising support among the ruling class and even some members of the royal family Both sweeping and intimate Appeasement is not only an eye opening history but a timeless lesson on the challenges of standing up to aggression and authoritarianism and the calamity that results from failing to do so

China's Spies Nigel West,2025-05-30 While many of President Xia Jinping s increasingly aggressive foreign policies manifested by expansion into the South China Sea trade confrontation with Australia and political suppression in Hong Kong have become obvious there has been a covert dimension that has gone largely unreported outside the Allied intelligence community Beijing s Ministry of State Security or MSS has increasingly shifted its priorities to hostile penetration of the CIA That this is the case has been demonstrated by the recent cases of individuals such as Glenn Shriver Jerry Chun Shing Lee Ron Rockwell Hansen Kevin Mallory Dickson Yeo and Alexander Yuk Ching Ma Of these Shriver an American student studying in China became as the FBI itself points out a target of Chinese intelligence services and crossed the line when he agreed to participate in espionage type activity For his actions in 2019 Ron Rockwell Hansen a former Defense Intelligence Agency officer pleaded guilty to attempting to spying for the People s Republic of China and was sentenced to ten years in prison Similarly Jerry Chun Shing Lee a former CIA case officer was sentenced to nineteen years in prison for conspiring to communicate deliver and transmit sensitive US information to the People s Republic of China Hitherto the MSS had

concentrated at the direction of the Chinese Communist Party on the collection of foreign technology and proprietary information while also monitoring political dissidents Tibetan and Taiwanese nationalists and Uyghur and Falun Gong religious activists The MSS also tended to recruit ethnic Chinese and were less interested in the collection of political intelligence or mounting influence operations However as Nigel West reveals the MSS has undergone a radical change in doctrine and having consolidated its grip on supposedly independent commercial joint ventures and academic research institutions is leveraging control over these ostensibly legitimate enterprises to access intelligence agencies now perceived as adversaries such as the CIA and FBI As the rhetoric and tensions between the West and China mounts and with the current US administration calling America's relationship with Beijing the biggest geopolitical test of the 21st century China's unseen espionage offensive is one of the most serious developments in recent times Its extent and effectiveness are explored in this absorbing and chilling new expos
