Missionaries Monks And Martyrs Orthodox Missionaries From The Early Church To The 12th Century:

East Central Europe in the Middle Ages, 1000-1500 Jean W. Sedlar, 2013-03-01 Although the Middle Ages saw brilliant achievements in the diverse nations of East Central Europe this period has been almost totally neglected in Western historical scholarship East Central Europe in the Middle Ages provides a much needed overview of the history of the region from the time when the present nationalities established their state structures and adopted Christianity up to the Ottoman conquest Jean Sedlar's excellent synthesis clarifies what was going on in Europe between the Elbe and the Ukraine during the Middle Ages making available for the first time in a single volume information necessary to a fuller understanding of the early history of present day Poland the Czech Republic Slovakia Hungary Romania Bulgaria Albania and the former Yugoslavia Sedlar writes clearly and fluently drawing upon publications in numerous languages to craft a masterful study that is accessible and valuable to the general reader and the expert alike The book is organized thematically within this framework Sedlar has sought to integrate nationalities and to draw comparisons Topics covered include early migrations state formation monarchies classes nobles landholders peasants herders serfs and slaves towns religion war governments laws and justice commerce and money foreign affairs ethnicity and nationalism languages and literature and education and literacy After the Middle Ages these nations were subsumed by the Ottoman Habsburg Russian and Prussian German empires This loss of independence means that their history prior to foreign conquest has acquired exceptional importance in today's national consciousness and the medieval period remains a major point of reference and a source of national pride and ethnic identity This book is a substantial and timely contribution to our knowledge of the history of East Central Europe

Monks, Miracles and Magic Helen L. Parish, 2016-04-29 Helen L. Parish presents an innovative new study of Reformation attitudes to medieval Christianity revealing the process by which the medieval past was rewritten by Reformation propagandists This fascinating account sheds light on how the myths and legends of the middle ages were reconstructed reinterpreted and formed into a historical base for the Protestant church in the sixteenth century Crossing the often artificial boundary between medieval and modern history Parish draws upon a valuable selection of writings on the lives of the saints from both periods and addresses ongoing debates over the relationship between religion and the supernatural in early modern Europe Setting key case studies in a broad conceptual framework Monks Miracles and Magic is essential reading for all those with an interest in the construction of the Protestant church and its medieval past
