their German colleagues in the art of playing in the French manner the frenchischer Art The book examines the dissemination of dance music instrumentation and performance practice and the differences between the French and Italian styles It also studies the courtly suites before the advent of Lullism and the differences between the suites of court composers and town musicians With the possible exception of Georg Muffat's two Florilegium collections of suites much of the dance music of the German Lullists is largely unknown court composers such as Cousser Erlebach Johann Fischer and Johann Caspar Ferdinand Fischer all wrote fine collections of ensemble suites and these are examined in detail Examples from these suites some published for the first time are given throughout the book in order to demonstrate the music's quality and show that its neglect is completely unjustified
