Murder and Miscalculation Anne Ginty, 2011-10-09 Is it possible for a heart transplant patient to develop the phobias of the donor That is the question plaguing Richard Paynter who makes for the Lakes in a desperate attempt to overcome the obsessive fear of water that came with his new heart Instead he finds love with wealthy widow and businesswoman Liberty Westerman and a watery grave It is left to Liberty to overcome her own fears in order to discover just how much Richard s transplant and the Lakes contributed to his death Murder and Miscalculation is the fourth in a series of murder mysteries set in the English Lake District *Murder at the Schiller Grammar School* Irvin Schuller, 2021-04-22 In a German town the headmaster of a grammar school is found murdered Suspicion falls on the teacher Alexander Strasser who has been in conflict with the headmaster for some time Strasser was still at school late on the evening of the murder He cannot provide an alibi because he was involved in a theft at the headmaster s office that evening which he wants to cover up Did he also kill the headmaster perhaps in a fit of panic He claims to be innocent but to avoid arrest he flees to Spain His friend Winfried is convinced of his innocence and gets him false papers However when Winfried reads his friend s diary and learns that he suffers from traumatic childhood violence he begins to have doubts The suspicion arises that Alex is haunted by fantasies of violence and dominated by a hatred of authoritarian father figures Do early childhood memories of violence have such a grip on him that he murdered his director The diaries make this seem increasingly likely A love affair with a woman who is obviously taking advantage of him and who may be the mastermind behind the murder adds further complications to the course of events Dramatic encounters with the police an exchange of gunfire and another violent death force the teacher to continue his seemingly hopeless escape A thrilling crime novel that also takes a critical look behind the scenes of German schools and teachers rooms The author himself taught at a grammar school His caustic criticism of the school system with its often inadequate conditions is therefore no coincidence The theme of friendship runs through the novel as a positive counter moment which will fascinate readers of all ages regardless of whether they may remember their own school days or not
