Robert Albritton and
John Simoulidis**

New Dialectics And Political Economy

Scott Timcke

New Dialectics And Political Economy:

New Dialectics and Political Economy R. Albritton, J. Simoulidis, 2002-11-29 Many of the leading thinkers on dialectics in the Marxian tradition have collaborated here to put forward and debate challenging new perspectives on the nature and importance of dialectics The issues dealt with range from the philosophical consideration of the precise nature of dialectical reasoning to dialectics and economic theory and to more concrete concerns such as how dialectics can help us think about globalization freedom inflation and subjectivity

New Dialectics and Political Economy, 2002 Many of the leading thinkers on dialectics in the Marxian tradition have collaborated here to put forward and debate challenging new perspectives on the nature and importance of dialectics The issues dealt with range from the philosophical consideration of the precise nature of dialectical reasoning to dialectics and economic theory and to more concrete concerns such as how dialectics can help us think about globalization freedom inflation and subjectivity

Capitalism and the Dialectic John Bell, 2009-10-15 An introduction and exposition to the Uno approach of Marx's work

Dialectics and Deconstruction in Political Economy R. Albritton, 1999-06-08 Robert Albritton offers the most authoritative reassessment of Marxist political economy since Althusser Original reinterpretations of thinkers including Hegel Weber Althusser Derrida and Adorno cast new light on heated battles between Hegelian dialectics and deconstructivist criticism The book makes accessible the sometimes daunting thought associated with both dialectics and deconstruction drawing upon insights from philosophy sociology political science and critical theory Finding a non essentialist way of using the immense cognitive power of dialectics accepting a limited deconstruction but challenging further deconstructionist directions represents a major breakthrough for political economy

The New Dialectic and Marx's Capital Chris Arthur, 2021-08-04 This book argues that the dialectic of Marx's Capital has a systematic rather than historical character It sheds new light on Marx's great work while going beyond it in many respects

Political Economy and Global Capitalism Robert Albritton, Bob Jessop, Richard Westra, 2010 This volume brings together original and timely writings by internationally renowned scholars that reflect on the current trajectories of global capitalism and in the light of these consider likely possible or desirable futures It offers theory informed writing that contextualizes empirical research on current world historic events and trends with an eye towards realizing a future of human social and economic betterment

Political Economy and Globalization Richard Westra, 2009-09-30 This book provides an analysis of capitalism's world historic phases of development a critique of the globalization literature and a re examination of Marxian debates over the rise of capitalism

Constructing Change: A Political Economy of Housing and Electricity Provision in Turkey Ezgi B. Ünsal, 2021-07-05 In Constructing Change Ezgi B. Ünsal provides a political economy of electricity and housing provision in Turkey By using the case studies of electricity and housing in Turkey the book explores how social provision is increasingly commodified across the globe as a defining feature of financialisation Distinguishing this trend from macroeconomic definitions of financialisation the book offers a contextual

narrative of economic change in Turkey with undetermined macroeconomic outcomes It contributes to the literature on the financialisation of social provision and the political economy of Turkey by confirming the increasing influence of finance on social provision sectors making them prone to volatility while contributing to their growth at the same time

Capitalism and the Dialectic John R. Bell, 2009-09-07 From the 1960s to the 1990s the ground breaking Japanese economists Kozo Uno and Thomas Sekine developed a masterful reconfiguration of Marxist economics The most well known aspect of which is the levels of analysis approach to the study of capitalism Written in Japanese the Uno Sekine approach to Marx s work is little understood in West John Bell seeks to correct this explaining how problematic elements of Marxian Political Economy such as the law of value and the law of relative surplus population can be solved by using a more rigorous dialectical analysis Bell s clear and accessible synthesis provides economists with the tools to interrogate capitalism in a more powerful way than ever before

The Political Economy of Fortune and Misfortune Scott Timcke, 2023-03-31 Luck greatly influences a person s quality of life Yet little of our politics looks at how institutions can amplify good or bad luck that widens social inequality But societies can change their fortune Too often debates about inequality focus on the accuracy of data or modelling while missing the greater point about ethics and exploitation In the wake of growing disparity between the 1% and other classes this book combines philosophical insights with social theory to offer a much needed political economy of life chances Timcke advances new thought on the role luck plays in redistributive justice in 21st century capitalism

If you ally dependence such a referred **New Dialectics And Political Economy** book that will meet the expense of you worth, get the utterly best seller from us currently from several preferred authors.
