## **New Directions In Old Age Policies:**

*New Directions in Old-Age Policies* Janie S. Steckenrider, Tonya M. Parrott, 1998-09-11 Provides a comprehensive assessment of the political environment and the state of old age policy and politics and discusses specific realistic policy options for the future

**The New Politics of Old Age Policy** Robert B. Hudson, 2014-09-22 Scholars students and policymakers will appreciate the volume's timely overview of the evolution of aging policy

**Teamsters and Turtles?** John C. Berg, 2003 After decades of single issue movements and identity politics on the U S left the series of large demonstrations beginning in 1999 in Seattle have led many to wonder if activist politics can now come together around a common theme of global justice This book pursues the prospects for progressive political movements in the 21st century with case studies of ten representative movements including the anti globalization forces environmental interest groups and new takes on the peace movement

Aging in East and West Dr. Vern L. Bengtson, PhD, Kyong-Dong Kim, PhD, George Myers, PhD, Ki-Soo Eun, PhD, 2000-09-20 Widely recognized experts present the first comparative analysis of recent developments among six Eastern and Western nations concerning population aging and its consequences Chapters focus on demographic trends sociocultural contexts and policy implications Nations selected as case studies include the People's Republic of China the Republic of Korea Japan Germany the United Kingdom and the United States The editors and contributors call attention to the varied trajectories and effects of population aging in culturally diverse societies that are often at different stages or on different paths of economic development Such analyses bring into sharper focus those conditions that are unique or similar and emphasize the ways in which cultural stereotypes of aging and the elderly complicate our understanding of the effects of world wide population aging

**New Directions in Saskatchewan Public Policy** David McGrane, 2011 In this new scholarly compilation by David P McGrane established and emerging trends in Saskatchewan public policy are the foundation for setting new directions for the province in the 21st century In what direction should Saskatchewan be headed in the 21st century To answer this question academics from various disciplines at the University of Regina and University of Saskatchewan have come together to produce *New Directions in Saskatchewan Public Policy* the first edited book exclusively devoted to public policy in the province with chapters discussing taxation immigration agriculture urban affairs poverty reduction the social economy labour aging Aboriginal public administration and climate change The authors provide an analysis and description of the current policies of the current government and also look back to explore what the Romanow and Calvert governments did in these areas The overarching theme of the book is that despite the province's robust economic growth significant public policy challenges remain for the Saskatchewan provincial government The lesson is that economic growth does not magically solve entrenched societal problems and that economic prosperity will dissipate if worrisome social trends are left unchecked While many scholarly books shy away from prescription the authors of this book include sections in their chapters that set out new directions for policy development As such the book not only contains solid analysis of the

present policy situation but also offers concrete ideas for future policy makers

**The SAGE Handbook of Social Gerontology** Dale Dannefer, 2010-09-14 This volume reflects the emergence of ageing as a global concern including chapters by international scholars from Asia Australasia Europe and North America It provides a comprehensive overview of key trends and issues in the field drawing upon the full range of social science disciplines The Handbook is organized into five parts each exploring different aspects of research into social aspects of ageing Disciplinary overviews summaries of findings from key disciplinary areas within social gerontology Social relationships and social differences topics include social inequality gender and ageing the role of religion inter generational ties social networks and friendships in later life Individual characteristics and change in later life chapters in this section examine different aspects of individual aging including self and identity cognitive processes and biosocial interactions and their impact on physical and psychological aging Comparative perspectives and cultural innovations topics in this section include ageing and development ageing in a global context migration and cross cultural perspectives on grandparenthood Policy issues The final section examines some of the main policy concerns affecting older people across the world Topics include developments in social policy long term care technology and older people end of life issues work and retirement crime and older people and the politics of old age This will be essential reading for all students researchers and policy makers concerned with the major issues influencing the lives of older people across the globe

The Not-so-golden Years Laura Katz Olson, 2003 Table of contents

The politics of old age Martha Doyle, 2015-02-01 The politics of old age in the twenty first century is contentious encompassing ideological debates about the rights and welfare entitlements of individuals in later life An important aspect is the manner in which older people and their representative groups are given the opportunity to articulate their interests in the policy making process Drawing upon key literature in political science social gerontology and cultural sociology The politics of old age explores the relationship between ageing politics and representation It reveals the complexity of older people s representation and how the power the organisations exercise their legitimacy and existence remain highly contingent on government policy design political opportunity structures and the prevailing cultural and socioeconomic milieu This book is essential reading for policymakers and organisations interested in ageing policy and the political process and for students of ageing social policy and political sociology
