New Genesis Shaping A Global Spirituality:

New Genesis Robert Muller,1984 *New Genesis* Robert Muller,1982 **The Facts on the New Age Movement** John Ankerberg,John Weldon,2011-08-24 This book answers the questions What is the New Age Movement Exactly what do New Agers believe What are mystical experiences and how do they lead to spiritual deception Why are Christian susceptible to New Age practices and beliefs What does Christ offer to New Agers looking for answers **The Handbook for Spiritual Warfare** Ed Murphy,2022-02-01 Your guide to understanding all dimensions of spiritual warfare The Handbook for Spiritual Warfare is the most thorough treatment available of biblical and theological foundations and practical concerns for spiritual warfare Further revised and updated for the 21st century THE BOOK Equips leaders and mature believers Comprehensive coverage of all 3 dimensions of spiritual conflict the World the Flesh and the Devil Endorsed by Frank Peretti Dr C Peter Wagner and others **Revives My Soul Again** Lewis V. Baldwin,Victor Anderson,2018-11-01 MLK and the Practice of Spirituality The scholarship on Martin Luther King Jr is seriously lacking in terms of richly nuanced and revelatory treatments of his spirituality and spiritual life This book addresses this neglect by focusing on King s life as a paradigm of a deep vital engaging balanced and contagious spirituality It shows that the essence of the person King was lies in the quality of his own spiritual journey and how that translated into not only a personal devotional life of prayer meditation and fasting but also a public ministry that involved the uplift and empowerment of humanity Much attention is devoted to King s spiritual leadership to his sense of the civil rights movement as a spiritual movement and to his efforts to rescue humanity from what he termed a perpetual death of the spirit Readers encounter a figure who took seriously the personal interpersonal and sociopolitical aspects of the Christian faith thereby figuring prominently in recasting the very definition of spirituality in his time King s holistic spirituality is presented here with a clarity and power fresh for our own generation *Teilhard and the Future of Humanity* Thierry Meynard,2006 Fifty years after his death the thought of the French scientist and Jesuit Pierre Teilhard de Chardin 1881 1955 continues to inspire new ways of understanding humanity s future Trained as a paleontologist and philosopher Teilhard was an innovative synthesizer of science and religion developing an idea of evolution as an unfolding of material and mental worlds into an integrated holistic universe at what he called the Omega Point His books such as the bestselling *The Phenomenon of Man* have influenced generations of ecologists environmentalists planners and others concerned with the fate of the earth This book brings together original essays by leading experts who reflect on Teilhard s legacy for today s globalized world They explore such topics as the idea of God and the person quantum reality and Teilhard s vision spiritual resources for the future politics and economics and a charter for co evolution **Peace Education and Religious Plurality** Robert Jackson,Satoko Fujiwara,2013-10-18 Does religion bring peace or war In order to discuss this fundamental question it is essential to reflect upon religious education that shapes the views of religion among young generations This book has developed from the special panel on Religious Education and Peace for the 19th World

Congress of the International Association for the History of Religions IAHR the largest international organization in religious studies which took place in Tokyo in March 2005 Its international contributors discuss the kinds of religious education used for peace education that is attempted or needed in their respective societies faced with tensions and conflicts not only between different religions but also between religion and secularism This is the first book in the field that includes both Asian and Western writers from Korea Japan Indonesia Israel Germany Spain UK and USA It is an innovative attempt to build a bridge between the study of religion religious education and peace education This book was previously published as a special issue of British Journal of Religious Education

The Sacraments Joseph Martos, 2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments org](http://www.TheSacraments.org)

The Phenomenon of Teilhard David H. Lane, 1996 New Age writer of the popular Aquarian Conspiracy Marilyn Ferguson observed that many of the leading lights of the New Age movement claim Teilhard as one of the most influential persons in their lives Other influences acknowledged include C G Jung Aldous Huxley Swami Muktananda Thomas Merton Werner Erhard and Maharishi Yogi Indeed of the 185 New Age leaders surveyed Teilhard was the most frequently mentioned of any person who had most influenced their thinking If this is the case then if we are to understand the New Age movement properly it behooves us to take a careful and critical look at Teilhard de Chardin David Lane has done precisely this in a clear well documented and penetrating way In this crucial book David Lane lays bare the philosophical theological and scientific failures of Teilhard s New Age enterprise In a highly documented and insightful scrutiny of Teilhard s cosmic evolution Lane unveils the apostate Christian roots of one of the most important forerunners of the New Age movement This is one of the most significant and serious treatments of the modern roots of the New Age in print

Teilhard's Proposition for Peace Jean Maalouf, 2018-11-15 Teilhard de Chardin called the greatest prophet of this age intended to write a book called The Book of Peace though he failed to do so Instead he went on sowing the seeds of peace throughout his writings This book distills and presents the essence of the case Teilhard made for the cause of peace There is no doubt that Teilhard s readers have noticed how difficult his thought can be and how puzzling it appears at times This volume navigates the complexity of those labyrinthine roads inviting the reader to confidently see the basic unity which

underlies all that is When we recognize that we live in the Divine Milieu where we witness the transforming presence of the divine in human consciousness we will existentially realize the truth of the principle by which Teilhard wanted us to live
