The Magic of Blood Dagoberto Gilb,1994 In this dynamic collection of short stories including eight from Winners on the Pass Line 1985 Dagoberto Gilb captures the texture of the Southwest s working class in clear ironic and biting realistic fiction about regular people going about their complex lives **Woodwork** Miles Wilson,2018-04 These stories from four decades are grounded in the geographical cultural and psychological American West Ranging from realism to fables from childhood to senescence from a faltering rancher to the rich and rocky road of fatherhood Woodwork is filled with indelible characters keenly rendered This is not fast food fiction but a nourishing feast Reading the West Michael

Kowalewski,1996-02-23 The American West of myth and legend has always exerted a strong hold on the popular imagination and the essays in Reading the West examine some of the basis of that fascination Reading the West first published in 1996 is a collection of critical essays by writers independent scholars and critics on the literature of the American West in the last two centuries It showcases new ways of reading and understanding western writing Arguing for the importance of place in literature these essays explore what makes representative literary works western They also explore the multicultural and ecological dimensions of western writing This volume helps enrich our understanding of a distinguished body of literary work which has sometimes been unjustly ignored It deals not only with literature but with the changing conception of the West in the American imagination **A Companion to the Regional Literatures of America** Charles L. the Machine T. R. Hummer,2011-08-15 Music race politics and conscience In these eight essays written over the span of a decade and a half T R Hummer explains how for him such abiding concerns revolve around the practice of poetry and the evolution of a culturally responsible personal poetics Hummer writes about the suicide of poet Vachel Lindsay the culture wars at the National Endowment for the Arts the 1991 Persian Gulf War the divided soul of his native American South and

the salving transcendent practice of musicianship Inevitably entwined with a personal or cultural component Hummer's criticism is thus grounded in experience that is always familiar and often straight to the heart in its rightness In one of those statements of poetic purpose that goes hand in hand with a residency guest editorship or lecture tour Hummer once wrote that poetry inhabits and enunciates an incommensurable zone between individual and collective between body and body politic an area very ill negotiated by most of us most of the time Our culture with its emphasis on the individual mind and body teaches us very little about how even to think about the nature of this problem E pluribus unum is a smokescreen what pluribus what unum And yet this phrase is an American mantra as if it explained something This is a quintessential Hummer moment a writer has just given himself a good reason to quit What Hummer knows must happen next is what The Muse in the Machine is all about
