New Individualist Review

Lanny Ebenstein

New Individualist Review:

New Individualist Review Milton Friedman, 1981-05 Over its life the Review printed seminal writing on free market and conservative topics by remarkably mature students and by Russell Kirk Ludwig von Mises George Stigler Benjamin Rogge and other already established men What characterized the Review writers was their rigor of thought and concern for principles features that coexist naturally Chronicles Initially sponsored by the University of Chicago Chapter of the Intercollegiate Society of Individualists the New Individualist Review was more than the usual campus magazine It declared itself founded in a commitment to human liberty Between 1961 and 1968 seventeen issues were published which attracted a national audience of readers Its contributors spanned the libertarian conservative spectrum from F A Hayek and Ludwig von Mises to Richard M Weaver and William F Buckley Jr In his introduction to this reprint edition Milton Friedman one of the magazine s faculty advisors writes that the Review set an intellectual standard that has not yet I believe been matched by any of the more recent publications in the same philosophical tradition

New Individualist Review, 1968 A journal of classical liberal thought

Radicals for Capitalism Brian Doherty, 2009-04-28 On Wall Street in the culture of high tech in American government Libertarianism the simple but radical idea that the only purpose of government is to protect its citizens and their property against direct violence and threat has become an extremely influential strain of thought But while many books talk about libertarian ideas none until now has explored the history of this uniquely American movement where and who it came from how it evolved and what impact it has had on our country In this revelatory book based on original research and interviews with more than 100 key sources Brian Doherty traces the evolution of the movement through the unconventional life stories of its most influential leaders Ludwig von Mises F A Hayek Ayn Rand Murray Rothbard and Milton Friedman and through the personal battles character flaws love affairs and historical events that altered its course And by doing so he provides a fascinating new perspective on American history from the New Deal through the culture wars of the 1960s to today s most divisive political issues Neither an expos nor a political polemic this entertaining historical narrative will enlighten anyone interested in American politics

The Conservative Intellectual Movement in America Since 1945 George H. Nash, 2014-04-08 First published in 1976 and revised in 1996 George H Nash s celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the volume s thirtieth anniversary includes a new preface by Nash and will continue to instruct anyone interested in how today s conservative movement was born

Crack-Up Capitalism Quinn Slobodian, 2023-04-04 A Fortune best nonfiction book of 2023 In a revelatory dispatch from the frontier of capitalist extremism an acclaimed historian of ideas shows how free marketeers are realizing their ultimate goal an end to nation states and the constraints of democracy Look at a map of the world and you ll see a colorful checkerboard of nation states But this is not where power actually resides Over the last decade globalization has shattered the map into different legal spaces free ports tax havens special economic zones

With the new spaces ultracapitalists have started to believe that it is possible to escape the bonds of democratic government and oversight altogether Crack Up Capitalism follows the most notorious radical libertarians from Milton Friedman to Peter Thiel around the globe as they search for the perfect space for capitalism Historian Quinn Slobodian leads us from Hong Kong in the 1970s to South Africa in the late days of apartheid from the neo Confederate South to the former frontier of the American West from the medieval City of London to the gold vaults of right wing billionaires and finally into the world s oceans and war zones charting the relentless quest for a blank slate where market competition is unfettered by democracy A masterful work of economic and intellectual history Crack Up Capitalism offers both a new way of looking at the world and a new vision of coming threats Full of rich details and provocative analysis Crack Up Capitalism offers an alarming view of a possible future

The Indispensable Milton Friedman Lanny Ebenstein,2012-09-11 Milton Friedman is one of the most famous economists in history His writings and theories on everything from capitalism and freedom to deregulation and welfare have inspired movements influenced government policies and changed the course of America s economic history Now acclaimed Friedman biographer Dr Lanny Ebenstein brings together twenty of Friedman s greatest essays in his new book *The Indispensable Milton Friedman Essays on Politics and Economics* The only collection of Friedman s writings to span his entire career *The Indispensable Milton Friedman Essays on Politics and Economics* features some of Friedman s never before republished writings as well as the best and most timeless of his works These exceptional essays not only illuminate the progression of Friedman s thought but explain how America might overcome some of its most difficult challenges Broken into two sections politics and economics *The Indispensable Milton Friedman* shows how we can ultimately turn America around and is more necessary than ever during this critical election year and time of economic uncertainty

Total Freedom Chris Matthew Sciabarra,2000 Building upon his previous books about Marx Hayek and Rand *Total Freedom* completes what *Lingua Franca* has called Sciabarra s epic scholarly quest to reclaim dialectics usually associated with the Marxian left as a methodology that can revivify libertarian thought Part One surveys the history of dialectics from the ancient Greeks through the Austrian school of economics Part Two investigates in detail the work of Murray Rothbard as a leading modern libertarian in whose thought Sciabarra finds both dialectical and nondialectical elements Ultimately Sciabarra aims for a dialectical libertarian synthesis highlighting the need not sufficiently recognized in liberalism to think of the totality of interconnections in a dynamic system as the way to ensure human freedom while avoiding totalitarianism such as resulted from Marxism

Why Americans Hate Politics E.J. Dionne,2013-10-08 In this new edition of his national bestseller E J Dionne brings up to date his influential proposals for a politics that can and must find a balance between rights and obligations between responsibility and compassion All over the United States Americans are deserting the political process Why In this national bestseller one of our shrewdest political observers traces thirty years of volatile political history and finds that on point after point liberals and conservatives are framing issues as a series of false choices making it impossible

for politicians to solve problems and alienating voters in the process Now with a new afterword discussing the Clarence Thomas confirmation hearings and the 1992 presidential election Dionne explores what has gone wrong with the American system and offers a back to basics approach to politics designed to respond to the anger of America's restive majority From the New Updated Introduction At the heart of Why Americans Hate Politics is the view that ideas shape politics far more than most accounts of public life usually allow I believe ideas matter not only to elites and intellectuals but also to rank and file voters Indeed I often think that the rank and file see the importance of ideas more clearly than the elites who often find themselves surprised by the rise of the movements that arise from the bottom up and shape our politics Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ...
