New Evangelicalism An Enemy Of Fundamentalism:

New Evangelicalism Curtis Hutson,1984 **Fundamentalism and Evangelicalism** Martin E. Marty,2011-06-15 No detailed description available for Fundamentalism and Evangelicalism **Fundamentalism and Evangelicals** Harriet A. Harris,1998-06-11 Fundamentalism is a label used often pejoratively of religious conservatism Evangelicals are growing in number and power around the world and are frequently regarded as fundamentalist This volume examines fundamentalism as a mentality which has greatly affected evangelicalism but which some evangelicals now wish to leave behind **The Theology of Dallas Willard** Gary Black Jr.,2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard s unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith **The Sociology of Religion** George Lundskow,2008-06-10 Most Sociology of Religion texts are decidedly staid and uninteresting covering contemporary developments which are only contemporary only from a disciplinary perspective They are not contemporary if viewed from the perspective of the religion s practioners in religious and non religious settings The textbooks that attempt to be interesting to undergraduate students often fall short because they either try to cover too much in an encyclopedic format or sacrifice a sociological perspective for a personal one Many use real life examples only superficially to illustrate concepts Lundskow s approach is the opposite students will learn the facts of religion in its great diversity all the most interesting and compelling beliefs and practices and then learn relevant concepts that can be used to explain empirical observations The book thus follows the logic of actual research investigate and then analyze rather than approaching concepts with no real bearing on how religion is experienced in society This approach using provocative examples and with an eye toward the historical and theoretical not to mention global experience of religion will make this book a success in the classroom The author envisions a substantive approach that examines religion as it actually exists in all its forms including belief ritual daily living identity institutions social movements social control and social change Within these broad categories the book will devote particular chapters to important historical moments and movements leaders and various individual religions that have shaped the contemporary form and effect of religion in the world today Fundamentalist U Adam Laats,2018 Adam Laats offers a provocative and definitive new history of conservative evangelical colleges and universities institutions that have played a decisive role in American politics culture and religion This book looks unflinchingly at the issues that have defined these schools including their complicated legacy of conservative theology and social activism **Coming to Grips with the Age of Reason** David Lee Russell,1993

Understanding Fundamentalism and Evangelicalism George Marsden, 1991 A balanced overview and narrative survey of American fundamentalism and Evangelicalism as well as an interpretive analysis of several important themes PB 208 pages suitable as a supplemental text for colleges seminaries or church study

The Resurgence of Religion David S. Zeidan, 2018-11-13 This book is a comparative study of basic themes in Christian and Islamic fundamentalist discourses analyzing and comparing texts from a wide variety of fundamentalist leaders and movements looking for family resemblances and significant differences in order to better understand the contemporary phenomenon of religious resurgence After placing fundamentalisms in a theoretical framework the study looks at selected themes important to fundamentalists noting resemblances and differences These themes include their anti secularist stance their theocentric worldviews their reliance on inerrant sacred scriptures and their attitudes to politics government state and democracy The study also looks at the fundamentalist view of the world as a perennial battlefield between the forces of good and those of evil in the realm of ideologies as well as politics and the legitimation of violence

The Making and Unmaking of an Evangelical Mind Rudolph Nelson, 2002-11-07 The first half of this book takes a biographical approach to its subject examining Carnell's early life and education while the second half of the book looks topically at the issues that shaped Carnell's career and as the author proposes may have led to his psychological undoing Through the lens of Carnell's personal struggle this book offers a provocative view into the larger cultural tensions unleashed by new modes of secular thought that challenged the framework of American religious life during the middle years of the twentieth century
