New Language Bearings In Africa A Fresh Quest:

New Language Bearings in Africa Margaret Jepkirui Muthwii, Angelina Nduku Kioko, 2004-01-01 The collection of papers in this special volume discuss issues and challenges that are pertinent in understanding present day moves and tendencies in the use of languages in the African contexts The volume s major asset lies in the diversity of topics the range of languages and the African geographical areas covered Not only do the contributors come from different nations in Africa but also many of them are established scholars who interact with and interpret the unique situations in their nations on a daily basis

The Languages and Linguistics of Africa Tom Güldemann, 2018-09-10 This innovative handbook takes a fresh look at the currently underestimated linguistic diversity of Africa the continent with the largest number of languages in the world It covers the major domains of linguistics offering both a representative picture of Africa s linguistic landscape as well as new and at times unconventional perspectives The focus is not so much on exhaustiveness as on the fruitful relationship between African and general linguistics and the contributions the two domains can make to each other This volume is thus intended for readers with a specific interest in African languages and also for students and scholars within the greater discipline of linguistics

Sociolinguistics Around the World Martin J Ball, 2009-12-16 Drawing on examples from a wide range of languages and social setting The Routledge Handbook of Sociolinguistics Around the World is the first single volume collection surveying current and recent research trends in international sociolinguistics With over 30 chapters written by leading authorities in the region concerned all continents and their respective regions are covered The book will serve as an important tool to help widen the perspective on sociolinguistics to readers of English Divided into sections covering The Americas Asia Australasia Africa and the Middle East and Europe the book provides readers with a solid up to date appreciation of the interdisciplinary nature of the field of sociolinguistics in each area It clearly explains the patterns and systematicity that underlie language variation in use as well as the ways in which alternations between different language varieties mark personal style social power and national identity The Routledge Handbook of Sociolinguistics around the World is the ideal resource for all students on undergraduate sociolinguistics courses and researchers involved in the study of language society and power English Language and Linguistics Sociolinguistics

Christian and Critical English Language Educators in Dialogue Mary Shepard Wong, Suresh Canagarajah, 2009-06-25 This volume critically examines how English language teaching professionals wrestle with ideological pedagogical and spiritual dilemmas as they seek to understand the place of faith in education

The Languages of Africa and the Diaspora Jo Anne Kleifgen, George C. Bond, 2009 This book takes a fresh look at subordinated vernacular languages in the context of African Caribbean and US educational landscapes highlighting the social cost of linguistic exceptionalism for speakers of these languages Chapters describe contravening movements toward various forms of linguistic diversity and offer a comprehensive approach to language awareness in educative settings

Multilingualism and Education in Africa Ruth W. Ndung'u, Martin C. Njoroge, Daniel O.

Orwenjo,2014-10-16 This book is a must read for every language teaching professional and researcher working in a multilingual context *Multilingualism and Education in Africa* The State of the State of the Art is an up to date exploration and wide ranging review of the symbiotic relationship between multilingualism and education in Africa The African continent is rich in languages Most of her inhabitants are multilingual and many of the nations have embraced multilingual education This book examines multilingualism in education from three broad perspectives multilingualism and language in education policy in Africa multilingualism as an educational resource in Africa and attitudes and challenges of multilingualism and education in Africa The book s nineteen chapters discuss these three perspectives from East West Central and South Africa All the contributors are leading authorities in multilingualism and education The chapters combine a wide range of viewpoints based on theoretical empirical and personal experiences The reader is left with a deeper understanding of the unique features of multilingualism and education in Africa that have seldom been addressed by those who experience them first hand The book demonstrates successful practices in multilingualism and education showing how African nations have determined what works for them without ignoring challenges such as policies on paper attitudes towards African languages and limited resources The benefits of multilingual education override the challenges The book s extensive coverage makes it an important resource for scholars and policy makers in the field of multilingualism and education Overall this book represents an important contribution to an important subject in education globally The editors have provided an introductory overview to the book and commentaries on the three sections Language in Contemporary African Cultures and Societies

Leonard Muaka,Esther Mukewa Lisanza,2018-12-03 *Language in Contemporary African Cultures and Societies* examines language in contemporary Africa by positioning language at the center of interrelationships between individuals society and culture Because of how language permeates every aspect of human existence within each society this book has assembled contributions by researchers and scholars who focus on different topics within African languages and cultures By presenting African languages as resources and subject and subject of the study this book discusses Africa s multilingualism language policy preservation and their uses in development security liberation and identity formation in the diaspora Based on empirical research and analysis of texts this book takes a closer look at the continent and the diaspora by situating African languages cultures and literatures at the center and shows how African languages are used in the liberation transfer of knowledge and promotion of literacy among Africans globally It is a book that seeks to bridge the gap between the continent and the diaspora All contributors are experienced scholars of language literature education and linguistics The chapters provide a major means for examining the interplay of language literature and education *Languages and Education in Africa*

Birgit Brock-Utne,Ingse Skattum,2009-05-11 The theme of this book cuts across disciplines Contributors to this volume are specialized in education and especially classroom research as well as in linguistics most being transdisciplinary themselves Around 65 sub Saharan languages figure in this volume as research objects as means of instruction in connection

with teacher training language policy lexical development harmonization efforts information technology oral literature and deaf communities The co existence of these African languages with English French and Arabic is examined as well This wide range of languages and subjects builds on recent field work giving new empirical evidence from 17 countries Botswana Ethiopia Ghana Kenya Madagascar Malawi Mali Mozambique Niger Nigeria Senegal South Africa Swaziland Tanzania Uganda Zambia and Zimbabwe as well as to transnational matters like the harmonization of African transborder languages As the Editors a Norwegian social scientist and a Norwegian linguist both working in Africa have wanted to give room for African voices the majority of contributions to this volume come from Africa

Language Planning and Policy in Africa Richard B. Baldauf, Robert B. Kaplan, 2004 A longer range purpose is to collect comparable information on as many polities as possible in order to facilitate the development of a richer theory to guide language policy and planning in other polities that undertake the development of a national policy on languages This volume is part of an areal series which is committed to providing descriptions of language planning and policy in countries around the world

BOOK JACKET

Language Policy and Economics: The Language Question in Africa Nkonko M. Kamwangamalu, 2016-04-23 This book addresses the perennial question of how to promote Africa s indigenous languages as medium of instruction in educational systems Breaking with the traditional approach to the continent s language question by focusing on the often overlooked issue of the link between African languages and economic development Language Policy and Economics argues that African languages are an integral part of a nation s socio political and economic development Therefore the book argues that any language policy designed to promote these languages in such higher domains as the educational system in particular must have economic advantages if the intent is to succeed and proposes Prestige Planning as the way to address this issue The proposition is a welcome break away from language policies which pay lip service to the empowerment of African languages while by default strengthening the stranglehold of imported European languages
