New Loftspace Design:

The Lofts of SoHo Aaron Shkuda, 2024-06-19 A groundbreaking look at the transformation of SoHo American cities entered a new phase when beginning in the 1950s artists and developers looked upon a decaying industrial zone in Lower Manhattan and saw not blight but opportunity cheap rents lax regulation and wide open spaces Thus SoHo was born From 1960 to 1980 residents transformed the industrial neighborhood into an artist district creating the conditions under which it evolved into an upper income gentrified area Introducing the idea still potent in city planning today that art could be harnessed to drive municipal prosperity SoHo was the forerunner of gentrified districts in cities nationwide spawning the notion of the creative class In The Lofts of SoHo Aaron Shkuda studies the transition of the district from industrial space to artists enclave to affluent residential area focusing on the legacy of urban renewal in and around SoHo and the growth of artist led redevelopment Shkuda explores conflicts between residents and property owners and analyzes the city's embrace of the once illegal loft conversion as an urban development strategy As Shkuda explains artists eventually lost control of SoHo's development but over several decades they nonetheless forced scholars policymakers and the general public to take them seriously as critical actors in the twentieth century American city Lofts, 2004 Lofts by definition are former commercial spaces that have been converted for residential use and living work environments But lofts by design are vast silent expanses soaring arches stalwart steel girders massive beams and all the powerful drama of a curtain time stage set Lofts are a designer's dream The importance of urban loft design for the architectural and design world is highlighted in this collection of the finest most dramatic of these transformed spaces Lofts New Designs for Urban Living takes you on an intimate tour of residential lofts in the major cities of the world including New York Los Angeles Sydney London Toronto Paris and Tokyo Projects include work from cutting edge designers Roto Fred Fisher Peter Anders Neil Frankel Briggs Iacucci Peter Tow Kar Ho Moneo Brock Belmont Freeman Lotek Brayton Hughes and more Complete with informative text Lofts features full color photographs plans and a valuable resource guide for anyone who has ever dreamed of converting a commercial building into a residential loft Office Design Sourcebook, Interior Design: Conceptual Basis Anthony Sully, 2024-03-01 This book introduces interior design as a conceptual way of thinking which is about ideas and how they are formulated Now in its second edition the book is enlarged to include topical subjects such as artificial intelligence sustainability and climate change The book prepares designers to focus on each concept independently as much as possible whilst acknowledging relative connections without unwarranted influences unfairly dictating a conceptual bias and is about that part of the design process called conceptual analysis The major themes of this second edition of Interior Design Conceptual Basis are the seven concepts of planning circulation 3D construction materials colour and lighting which cover the entire spectrum of a designer's activity It is assumed that the site location building and orientation as well as the client's brief of activities and needs have been digested and analysed to provide the data upon which the design process can begin

Designed as a highly visual illustrative book as the interior design medium demands the hands on creative process of designing is detailed with original drawn illustrations Concentrating on the conceptual process of designing interiors and defining what these concepts are this book helps the designer to organise his her process of designing and to sharpen the links between the various skill bases necessary to do the job This book is stimulating for students and instructors alike and is aimed at any student who maybe majoring in interior design interior architecture architecture design thinking or furniture design It is also useful reference for students of design management and design leadership 150 Best of the Best Loft Ideas LOFT Publications, Inc.,2016-07-26 Filled with beautiful full color photographs and detailed illustrations an irresistible collection profiling 150 of the latest trends in contemporary loft design The ultimate resource for designing and decorating loft spaces 150 Best of the Best Loft Ideas presents 150 stunning lofts constructed and designed by notable architects and designers from around the world Made popular in the nineteen fifties and sixties in New York City lofts synonymous with a modern avant garde lifestyle continue to maintain their wide appeal While loft living once meant converting old industrial warehouses into a warm and inviting living environment today the style has evolved into an airy open approach for any modern living space This compilation highlights the diversity of current trends in loft design and is a source of creative inspiration for architects designers and home owners interested in staying current with the latest in contemporary residential architecture **Remaking London** Ben Campkin,2013-08-13 Between the slum clearances of the early twentieth century and debates about the post Olympic city the drive to regenerate London has intensified Yet today with a focus on increasing land values regeneration schemes purporting to foster diverse and creative new neighbourhoods typically displace precisely the qualities activities and communities they claim to support In Remaking London Ben Campkin provides a lucid and stimulating historical account of urban regeneration exploring how decline and renewal have been imagined and realised at different scales Focussing on present day regeneration areas that have been key to the capital s modern identity Campkin explores how these places have been stigmatised through identification with material degradation and spatial and social disorder Drawing on diverse sources including journalism photography cinema theatre architectural design advertising and television he illuminates how ideas of decline drive urban change Richly illustrated and engagingly written Remaking London is both a compelling account of contested sites from the capital s recent history and a powerful critique of the contradictions of contemporary regeneration Architectural Engineering: New Concepts, New Methods, New Materials, New Applications Architectural Record (New York, N.Y.),1925 **The Greened House Effect** Jeff Wilson,2013-05-24 With greater public awareness of the need for energy independence the issue of how we can make our existing homes more resource efficient is becoming ever more critical Residential buildings make up a large fraction of our energy needs largely due to heating and air conditioning So it s no longer enough to simply do the small stuff like switching to compact fluorescent bulbs or turning down the thermostat at night In The Greened House Effect author Jeff Wilson brings his twenty five years of

construction experience and knowledge of home building to bear on making our current houses cleaner greener and healthier Think of a deep energy retrofit DER as a home makeover one that represents a significant investment but that saves money from the get go by capturing the energy you drop on the ground every month every year through inefficiency poor design or simply living in a typical older home Using his own family s DER of their 1942 home as a prime example Wilson weaves a readable narrative at a practical hammer and nail level He presents the solutions to our building and energy problems making them seem possible for average homeowners and small contractors by offering the right set of information skills and materials More technical information is presented in sidebars and graphs and numerous color photos illustrate the process including Testing the energy efficiency of your home and learning where improvements need to be made Issues of local building codes and regulations Financing and paying for a DER Major components of the DER such as roofs exterior walls basements and home systems Wilson s building experience along with his lifelong passion for energy issues all come together to form an inspirational can do approach to making our neighborhood our community our nation and our world a better place one home at a time Patrick Tighe Architecture Patrick Tighe,2016-08-20 This beautifully designed and illustrated monograph sets out Patrick Tighe s innovative diverse and wide ranging collection of contemporary work towards the post digital showing the reader a hyper detailed analytical investigation of digital forms and their practices It sets out how his architecture has brought a return to the real in an attempt to rethink the language and practice of architecture The book s many inspiring and intricate drawings render clear the ideas that show the palpable energy and momentum that exists in this practice In every instance this firm embraces dichotomy mining its potential to produce a more vital and consequential architecture The book s stunning imagery and nuanced narratives tell the story of Tighe s architecture across 35 projects spanning across the globe to help establish how his work draws from and builds upon existing polarities to find resolution and how tensions yield a more dynamic architecture The work is multiple and varied from the small scale residential to the urban scale from the United States to Europe to China to North Africa from high end villas for royalty to art installations to social housing projects This compelling collection of work follows the following five key themes CRAFT from the manufactured to the technological MATERIAL from the natural to the synthetic EXPERIENCE from the actual to the perceptual GEOMETRY from the simple to the complex and METHOD from the analog to the digital This distinguished monograph also includes an incisive introduction by Patrick Tighe and is augmented by two essays by Thom Mayne and Stephen Phillips who also provide clarity and insightful discourse on how Tighe s work is continuously in transition and evolving and how he s rethinking and engaging in a discourse to defamiliarize the familiar *Studio Works 5* Harvard University.
