Northern Pursuit:

Errol Flynn Thomas McNulty,2015-05-07 Errol Flynn set the standard for the modern action hero in films like The Adventures of Robin Hood Dodge City and The Sea Hawk This biography follows Flynn from his birth in Tasmania Australia in 1909 to his death in Vancouver Canada in 1959 Included is analysis of his films discussion of the 1943 rape trial that changed his life a survey of the FBI's infamous surveillance and the first detailed account of his television appearances in the 1950s First hand interviews with Flynn's friends and colleagues are complemented by research from FBI files correspondence Flynn's diary and other sources Illustrated with rare and previously unpublished photographs the study also gives attention to the historical backgrounds and cultural influences that contributed to Flynn's fame the work takes an objective and analytical look at the actor's adventurous life The study includes two appendices the first is a collection of quotations from various celebrities from memories of his talent and style to anecdotes about his wild pool parties The second appendix is a filmography including all Flynn's work for film stage and television with cast and crew information **Ski**

Films Bryan Senn,2022-05-16 Skiing in movies like the sport itself grew more prevalent beginning in the 1930s when it was a pastime of the elite with depictions reflecting changes in technique fashion and social climate World War II saw skiing featured in a dozen films dealing with that conflict Fueled by postwar prosperity the sport exploded in the 1950s filmmakers followed suit using scenes on snow covered slopes for panoramic beauty and the thrill of the chase Through the free spirited 1960s and 1970s the downhill lifestyle shushed into everything from spy thrillers to beach party romps The extreme sports era of the 1980s and 1990s brought snowboarding to the big screen This first ever critical history of skiing in film chronicles a century of alpine cinema with production information and stories and quotes from directors actors and stuntmen The Star Machine Jeanine Basinger,2009-01-06 ONE OF THE HOLLYWOOD REPORTER'S 100 GREATEST FILM BOOKS OF ALL TIME From one of our most distinguished film scholars comes a rich penetrating amusing book about the golden age of movies and how the studios worked to manufacture stars With revelatory insights and delightful asides Jeanine Basinger shows us how the studio star machine worked when it worked how it failed when it didn't and how irrelevant it could sometimes be She gives us case studies focusing on big stars groomed into the system the awesomely beautiful and disillusioned Tyrone Power the seductive disobedient Lana Turner and a dazzling cast of others She anatomizes their careers showing how their fame happened and what happened to them as a result Deeply engrossing full of energy wit and wisdom The Star Machine is destined to become a classic of the film canon **Radical Innocence** Bernard F. Dick,2021-08-24 On

October 30 1947 the House Committee on Un American Activities concluded the first round of hearings on the alleged Communist infiltration of the motion picture industry Hollywood was ordered to clean its own house and ten witnesses who had refused to answer questions about their membership in the Screen Writers Guild and the Communist party eventually received contempt citations By 1950 the Hollywood Ten as they quickly became known which included writers directors and

a producer were serving prison sentences ranging from six months to one year Since that time the members of the Hollywood Ten have been either dismissed as industry hacks or eulogized as Cold War martyrs but never have they been discussed in terms of their professions Radical Innocence A Critical Study of the Hollywood Ten is the first study to focus on the work of the Ten their short stories plays novels criticisms poems memoirs and of course their films Drawing on myriad sources including archival materials unpublished manuscripts black market scripts screenplay drafts letters and personal interviews Bernard F Dick describes the Ten s survival tactics during the blacklisting and analyzes the contributions of these ten individuals not only to film but also to the arts Radical Innocence captures the personality of each of the Ten including the arrogant Herbert J Biberman the witty Ring Lardner Jr the patriarchal Samuel Ornitz the compassionate Adrian Scott and the feisty Dalton Trumbo *Raoul Walsh* Marilyn Moss,2011-06-01 Raoul Walsh 1887 1980 was known as one of Hollywood s most adventurous iconoclastic and creative directors He carved out an illustrious career and made films that transformed the Hollywood studio yarn into a thrilling art form Walsh belonged to that early generation of directors along with John Ford and Howard Hawks who worked in the fledgling film industry of the early twentieth century learning to make movies with shoestring budgets Walsh s generation invented a Hollywood that made movies seem bigger than life itself In the first ever full length biography of Raoul Walsh author Marilyn Ann Moss recounts Walsh s life and achievements in a career that spanned more than half a century and produced upwards of two hundred films many of them cinema classics Walsh originally entered the movie business as an actor playing the role of John Wilkes Booth in D W Griffith s *The Birth of a Nation* 1915 In the same year under Griffith s tutelage Walsh began to direct on his own Soon he left Griffith s company for Fox Pictures where he stayed for more than twenty years It was later at Warner Bros that he began his golden period of filmmaking Walsh was known for his romantic flair and playful persona Involved in a freak auto accident in 1928 Walsh lost his right eye and began wearing an eye patch which earned him the suitably dashing moniker the one eyed bandit During his long and illustrious career he directed such heavyweights as Humphrey Bogart James Cagney Errol Flynn and Marlene Dietrich and in 1930 he discovered future star John Wayne London Richard Pitchfork,2010-03 Rugby League is a northern Working Class sport Since its inception when breaking away from the Rugby Football Union in 1895 over the issue of Broken Time Payments it has been entrenched in what is now known as its Northern Heartlands The sport has tried to break away many times from these heartlands and establish itself in other areas of the country This is the story of one of these attempts when it attempted and very nearly succeeded to establish itself in the Capital The 1930s was the decade to try and break into London Only years after the Empire Stadium at Wembley opened and hosted for the first time the Rugby League Challenge Cup Final The Northern Working Class was moving around the country to find work and professional sport was growing in popularity Using letters from the owners of the clubs in London supporters and from the Rugby Football League the book shows how close Rugby League came to establishing itself in London with initially 2 well run teams and eventually what

could have been as originally planned a 6 team Southern Division The Rugby League landscape and the sporting landscape of Britain as a whole could have been very different

The Life of William Faulkner Carl Rollyson, 2020-09-22 By the end of volume 1 of The Life of William Faulkner A filling satisfying feast for Faulkner aficionados Kirkus the young Faulkner had gone from an unpromising self mythologizing bohemian to the author of some of the most innovative and enduring literature of the century including The Sound and the Fury and Light in August The second and concluding volume of Carl Rollyson's ambitious biography finds Faulkner lamenting the many threats to his creative existence Feeling as an artist he should be above worldly concerns and even morality he has instead inherited only debts a symptom of the South's faded fortunes and numerous mouths to feed and funerals to fund And so he turns to the classic temptation for financially struggling writers Hollywood Thus begins roughly a decade of shuttling between his home and family in Mississippi lifeblood of his art and the backlots of the Golden Age film industry Through Faulkner's Hollywood years Rollyson introduces such personalities as Humphrey Bogart and Faulkner's long time collaborator Howard Hawks while telling the stories behind films such as The Big Sleep and To Have and Have Not At the same time he chronicles with great insight Faulkner's rapidly crumbling though somehow resilient marriage and his numerous extramarital affairs including his deeply felt if ultimately doomed relationship with Meta Carpenter In his grief over their breakup Faulkner a dipsomaniac capable of ferocious alcoholic binges received third degree burns when he passed out on a hotel room radiator Where most biographers and critics dismiss Faulkner's film work as at best a necessary evil at worst a tragic waste of his peak creative years Rollyson approaches this period as a valuable window on his artistry He reveals a fascinating previously unappreciated cross pollination between Faulkner's film and literary work elements from his fiction appearing in his screenplays and his film collaborations influencing his later novels fundamentally changing the character of late career works such as the Snopes trilogy Rollyson takes the reader on a fascinating journey through the composition of Absalom Absalom widely considered Faulkner's masterpiece as well as the film adaptation he authored unproduced and never published Revolt in the Earth He reveals how Faulkner wrestled with the legacy of the South both its history and its dizzying racial contradictions and turned it into powerful art in works such as Go Down Moses and Intruder in the Dust Volume 2 of this monumental work rests on an unprecedented trove of research giving us the most penetrating and

comprehensive life of Faulkner and providing a fascinating look at the author's trajectory from underappreciated writer to world renowned Nobel laureate and literary icon. In his famous Nobel speech, Faulkner said what inspired him was the human ability to prevail. In the end, this beautifully wrought life shows how Faulkner, the man and the artist, embodies this remarkable capacity to endure and prevail.

Errol Flynn Robert Florczak, 2022-02-28 Though there have been myriad books on Errol Flynn, scores of biographies, film studies, analyses, etc., there has never been one that unfurls his dashing life day by day, predominantly through photos, letters, news clippings, and documents. This book does so, from Flynn's birth in Hobart, Australia, in 1909 through to his death in Vancouver, Canada, in 1959, with over 1,000 images, many rarely or never before published, culled from Florczak's personal collection of over 11,000. The book is the result of the author's travels around the world to photograph locations key to Flynn's life and with text gathered from years of research in the Warner Bros. Archives, the USC Cinematic Arts Library, and the Margaret Herrick Library. Among other popular day-by-day pictorial biographies are those of Frank Sinatra, Marilyn Monroe, Judy Garland, Ernest Hemingway, Elvis Presley, The Beatles, and Eric Clapton. Flynn's colorful life was lived out on the world stage, and a better candidate for a book of this style would be hard to find.

Shaping the Netherlandish Canon Walter S. Melion, 1991 A treatise on Dutch art on par with Vasari's critical history of Italian art, Karel van Mander's *Schilder Boeck* or *Book on Picturing* has long been recognized for its critical and historical influence, and yet until now no comprehensive account of the book's conception, aims, and impact has been available. In this in-depth analysis of the content and context of Van Mander's work, Walter S. Melion reveals the *Schilder Boeck*'s central importance to an understanding of northern Renaissance and Baroque art. By interpreting the terminology employed in the *Schilder Boeck*, Melion establishes the text's relationship to past and contemporary art theory. Van Mander is seen here developing his critical categories and then applying them to Ancient Italian and Netherlandish artists in order to mark changes within a culture and to characterize excellence for each region. Thus, Melion demonstrates how Van Mander revised both the structure and critical language of Vasari's *Lives* to refute the Italian's claims for the superiority of the Tuscan style and to clarify northern artistic traditions and the concerns of Netherlandish artists. A much-needed corrective to the view that Dutch art of the period was lacking in theory, Melion's work offers a compelling account of a sixteenth and seventeenth-century theoretical and critical perspective and shows how this perspective suggests a rereading of northern art.
