Bakley, 2015-04-21 The Philadelphia Experiment was Einstein's experiment in which he had not only discovered in 1943 the way to make things invisible and transport them at great speeds but also positively proven scientifically physically and spiritually that God Almighty exists He had literally discovered God That question Is there a God that's been going through people's minds for so long discussed on the street corner talked about on the porch on a hot summer's night is now a proven fact **The Essential Nostradamus** Richard Smoley, 2006-01-19 From his predictions about life and death in the Middle French court of Catherine de Medici to his uncannily suggestive preconceptions of World War II Michel de Nostradamus has aroused continual fascination and commercialization in the West Today many search his elliptical centuries or collected verses for new truths about 9 11 and End Times while supermarket tabloids routinely falsify and exploit his pronouncements What is the difference between prophecy and prediction and how has it led to a misuse of the ideas of Nostradamus as well as those of other post biblical prognosticators What is the nature of the oracular tradition in the West stretching back to the oracle at Delphi and how can Nostradamus be understood from this perspective In *The Essential Nostradamus* the highly regarded spiritual thinker and writer Richard Smoley provides a true sourcebook in the life and messages of one of history's most peculiar figures This volume offers a host of advantages beyond other collections of Nostradamus's work Many commentators on Nostradamus take liberties in their translations further confusing the matter of what the prophetic quatrains actually said In *The Essential Nostradamus* Smoley presents a fresh scholarly and literal translation of Nostradamus's Middle French allowing readers to make their own determination as to the passages historical references and accuracy Smoley also supplies detailed commentary on Nostradamus's key quatrains with a sharp eye toward the political and social events of the writer's era elements that many commentators overlook or fail to grasp An authoritative biographical essay highlighting Nostradamus's separate roles as physician astrologer and prognosticator rounds out the volume to create a truly essential exposition of the work of one of Western culture's most mysterious men **Nostradamus** V.
